Sustainable Vision. Responsible Execution.

Through our years in the power infrastructure industry, the global energy landscape has evolved considerably, and we have been at par with the pace of transformation. There has been a conscious shift to sustainable energy systems globally, and as a torchbearer of the industry in India, we aspire to drive the nation to its goal of sustainable energy adoption with focus on accelerating business growth.

In this pursuit, we have turned our focus to the installation of Flue Gas Desulphurisation (FGD) plants for coal-based thermal power plants to support India's mission to limit sulphur emissions. We are also developing Advanced Metering Infrastructures (AMI) to track energy usage information, helping the nation manage its electricity consumption. We also have made strategic investments in developing data centre infrastructures and energy storage systems on the back of the industry's significant growth potential.

We have a competitive advantage in the power infrastructure space due to our strong bidding discipline, extensive experience and knowledge, prudent working capital management, and cost-effective execution. These strengths indicate that we are well-positioned to capitalise on the emerging opportunities to deliver steady and profitable growth, and create long-term value for our stakeholders.

At a Glance

Energising India

All through our four-decade journey, we have been developing India's power infrastructure through our Engineering, Procurement, and Construction (EPC) services, Operations and Maintenance (O&M) services and asset ownership model. Our Company operates across three broad power-related industries including generation, transmission, and distribution.

We help shape the future of India's power sector by providing EPC services to core industries in India and abroad, engaging in Public-Private Partnerships (PPP) to build transmission networks, and expanding our portfolio in green energy. Our Company is now established in the anti-emission industry and forayed into development of data centres.

Key Facts

40+ years

of rich experience in the power sector EPC

425+ projects

completed since inception

25+ years

Operating Model

Creating Sustainable Value for Stakeholders

Our dependable and customised solutions, along with financial discipline, a strong execution track record, and extensive experience, have helped us create long-term value for our stakeholders. We primarily serve Central Public Sector Undertakings (CPSUs) and state government utilities, but also serve private sector customers for captive power plants and power distribution systems in power-intensive industries.

Relationships We Depend On

SHAREHOLDERS

Our shareholders own shares of our Company and expect a return on their investment.

GOVERNMENT AND REGULATORS

Governments and regulators play a central role in shaping the energy sector.

EMPLOYEES

We rely on our people's collective talent, skill, and values to execute our strategy and achieve our goals.

CUSTOMERS

We strive to meet customer expectations by providing quality services in power generation, transmission and distribution.

SUPPLIERS AND CONTRACTORS

We rely on our robust vendor ecosystem to deliver projects and ensure our success.

Sound Fundamentals

- Strategic bidding discipline
- Strong pan-India presence with experience across regions, markets and customers
- Global alliances with technology leaders
- Prudent project management approach
- Seamless, cost-efficient and time-sensitive delivery
- Commitment to compliance

Solid Execution

- Completing around 425+ pan-India projects as a turnkey solutions provider, an independent transmission asset owner and an autonomous wind power producer
- Retaining key customer accounts and sharpening bottom-line focus
- Delivering on projects in difficult terrains
- Maintaining a zero-penalty record

Sustainable Value

- Comprehensive range of niche skills spanning construction, project, procurement, quality assurance, business development, marketing and financial management
- Unmatched levels of quality commitment, environmental management and employee health and safety
- Low balance sheet risk with steadfast profitability levels
- Diversified reach that reinforces our skills and capabilities
- Contribution to the economy by way of payments to the exchequer
- Creation of indirect and direct employment opportunities
- Alignment with India's transition to a low-carbon energy system
- Support to MSME

Investment Case

Differentiated Value Proposition

TEECL is a profitable company with a strong financial profile. Our Company's intent on long-term business growth, efficient execution, and sustained shareholder returns makes it an appealing investment opportunity.

Established Market Position

We have been in the EPC business for about four decades now and have an established track record in setting up extra high-voltage substations in India. With our high technical capabilities, TEECL has a strong market position having executed 765 kilovolt (KV) extra high-voltage (EHV) substation projects.

Significant Business Growth and Profitability

Our consistent focus on growth is based on our strong fundamentals and it has enabled us to grow our revenue and order book year after year, while maintaining healthy profits.

Revenue from operations

(₹ in Million)

PAT

(₹ in Million)

High Operating Efficiency

Our robust technical capabilities, prudent bidding strategy of high-margin orders, and consistent timely delivery of projects have resulted in us achieving industry-leading operating efficiency in our EPC segment which contributes more than 90% of total revenue.

ROCE of EPC

(%)

Strong Balance Sheet

We strive to maintain a healthy capital structure that reflects prudent use of debt and equity, while balancing our growth and assets. Since we have a healthy debt profile with a small working capital debt and no long-term debt, we are equipped to capitalise on emerging opportunities without stretching our balance sheet.

Chairman and Managing Director's Perspective

Accelerating growth with sustainability

Dear Shareholders,

I would like to start this letter by expressing my deepest gratitude for your continued faith in the Company. It gives me great pleasure to report that we delivered a strong performance in FY2021-22 despite multiple waves of the pandemic, rising inflation, and high commodity prices. Our strong fundamentals, operational expertise, strong track record execution and prudent strategic decisions helped us to weather the external challenges.

ROBUST PERFORMANCE

In FY 2021-22, our revenue from operations grew by 21% to ₹10,739 million from ₹8,892-million in the previous year. Profit After Tax (PAT) for the year increased by 45% to ₹2,639 million from ₹1,818 million in the previous year. EBITDA for the Company stood at ₹2,222 million compared to ₹2,161 million, up by 3%. We experienced some pressure in the EBITDA margins due to prevailing inflation and high commodity prices cycle and also higher overseas rate.

OPPORTUNITIES IN AN EVOLVING ENERGY LANDSCAPE

With rising climate change concerns, the transition to clean energy has accelerated in recent years. Countries across the globe have been setting aggressive targets and implementing various policy measures for the adoption of sustainable energy systems to secure their future energy needs, and India is no exception.

The power sector in India is one of the most diverse in the world, with power sources ranging from fossil fuels such as coal, lignite, gas, and diesel to non-fossil fuels such as hydro, solar, wind, nuclear power, and so on. Over the years, the Indian government has implemented a slew of emission-cutting measures, such as increasing the share of renewable energy sources and installing air pollution control systems for thermal power plants.

As per emission norms, coal-fired thermal power plants aggregating more than 150 GW, need to limit their sulphur and nitrogen emissions (SO₂ and NO_x) by installing Flue Gas Sulphurisation (FGD) systems by December 2024. Further, India continues to invest in renewable power and related transmission infrastructure and energy storage infrastructure. At COP26, our honourable Prime Minister announced to install 500 GW capacity of renewable energy sources by 2030. This will require 25 to 30 GW of energy storage solutions at grid level. Gradually, India's energy mix has been shifting from fuel-based to non-fuel-based energy sources, offering new opportunities for sustainable energy systems.

Apart from the shift in power generation trends, India has also focused on developing smart grids for cost-effective and efficient power transmission and distribution. Towards this, the government implemented multiple policy measures, including replacement

// I am confident that our strategic measures backed by our strong fundamentals will help us accelerate growth. We will continue to adopt new technologies, ensure timely execution and delivery, and be at the forefront of industry innovation. //

of the conventional metres with Advanced Metering Infrastructures (AMIs), known as smart metres.

LEVERAGING OPPORTUNITIES TO FAST-TRACK GROWTH

With our decades long experience in the power infrastructure sector, strong engineering capabilities, continuous technology adoption with track record of project execution, we are well-positioned to capitalise on the evolving opportunities while also powering the nation's energy transformation journey.

Increased focus on FGD segment: As India strives to cut emission through FGD implementation, we expect strong growth from this segment. Over the past couple of years, we have made significant progress by installing FGDs for CPSUs and SEBs. In coming years, we anticipate more business from SEBs and private sector for FGD installation. During FY 2022-23, we received two orders worth ₹1,455 crores which were L1 last year. This level of business will continue for the next three to four years as India has yet to install 80 GW of FGD systems.

Steady Growth from AMI Segment: We see tremendous opportunities in the smart metering segment as India plans to install around 250 million smart meters by 2025

Chairman and Managing Director's Perspective

from 4.2 million as of April 2022. We received an order of installing 2 lakh smart metres worth ₹ 200 crores in Jammu and Kashmir state. Our goal is to get new orders worth ₹ 300 to 400 crores of AMI projects per year in the next three to four years.

Furthering on Data Centre Development: One of our key focus areas will be developing Data Centre infrastructure as there is a significant growth opportunity in this sector. With the growth of digital space backed by IT policies and on data privatisation, it is expected that the third-party data centre in the industry are likely to be around 5 GW by 2030 and 2 GW by three years from the existing 500 MW capacity.

Our ongoing data centre project at Siruseri, Chennai is progressing well. The project has received all necessary statutory approvals and we hope to have the first phase completed by June 2023. This will be a scalable hyper-density data centre with 40 MW of grid load and 24 MW of IT load. To comply with the ESG commitments of major hyperscale customers, we will captively consume wind energy on these data centres. In addition, we have planned to develop a data centre of 24 MW IT load in Kolkata by FY 2024-25 in line with our long-term goal of developing 250 MW of data centre across India by 2030.

NURTURING OUR PEOPLE AND COMMUNITIES

At Techno, we put a high priority on the safety and wellbeing of our employees while providing opportunities for career growth. During the

year under review, we conducted various safety training programmes to educate and train our employees about the safety practices at workplace and to safeguard themselves from any accidents. We also organised comprehensive training programmes during the year to help our teams improve their skills and competency at their respective roles.

We also prioritise to upskill and support the society's marginalised groups, integrating them into the mainstream. As part of our corporate social responsibility, we have launched a number of health and education initiatives.

WAY FORWARD

As we move ahead, I am confident that our strategic measures backed by our strong fundamentals will help us accelerate growth. We will continue to adopt new technologies, ensure timely execution and delivery, and be at the forefront of industry innovation. Our project pipeline remains appealing and robust, and we expect that it will contribute to growth in the coming years.

Finally, I would like to thank our shareholders, employees, partners, clients, associates, and other stakeholders for their ongoing support in building a strong, vibrant, and responsible organisation.

Warm regards,

P.P. Gupta
Chairman and Managing Director

Business Segment Review

Driving our Growth Engines

To expand our scope of business and create consistent value for our stakeholders, we are exploring new business verticals aligned with EPC, such as more transmission ventures, FGD, data centres, opportunity in energy management, and so on. While identifying new opportunities, we place emphasis on cost reduction and increasing efficiency that will ensure long-term success.

EPC Services

Overview

Our EPC business plays a significant role in India's power generation capacity and inter-regional transmission capacity. With our decades of experience, we are well-positioned among the industry leaders when it comes to providing power generation, transmission, and distribution infrastructure solutions to some of India's core sector industries.

Power Generation

- Flue Gas Desulfurisation
- Turnkey solutions to captive power plants
- Balance of Plant

Transmission and Distribution

EHV SUBSTATIONS

- EHV substations up to 765 kV (AIS/GIS)
- STATCOM installation up to 250 MVAR

DISTRIBUTION

- Advanced Metering Infrastructure
- Distribution systems management (APDRP*)
- Rajiv Gandhi Gramin Vidyutikaran Yojna (RGGVY)

Industrial Sector

- Power distribution systems to power-intensive industries
- Offsite piping systems
- Oil-handling plant for process industries
- Naptha and diesel-based system for turbine-based power plant
- Water and allied system
- Fire protection system
- Plant electrical and illumination system

Operating Landscape

FGD IMPLEMENTATION

According to the emission norms set by the Government of India, all coal-fired thermal power plants (a cumulative capacity of more than 200GW) must limit their sulphur, SOx, and NOx emissions by November 2024.

The total target for FGD system installation by 2024 is 123 GW, with 80 GW still to be installed, which is a ₹ 150 billion investment in the next 3 to 4 years.

TEECL's Response

In response to this, we have prioritised the FGD segment to help India meet its emission control target. Significant progress has been made with both CPSUs and SEBs. We expect more business from these government bodies as well as private sectors.

We received two orders worth ₹14,550 million which were L1 in FY 2021-22.

ADVANCED METERING INFRASTRUCTURE (AMI)

The implementation of Advanced Metering Infrastructure is the first step toward realising Smart Grids. The Government of India has announced several transformational policy initiatives aimed at reforming India's power sector, including the replacement of conventional metres with smart metres.

India plans to grow from 1 million smart meters to 250 million smart meters by 2025. The total business potential is estimated to be ₹ 200 billion considering ₹ 8,000 per node. However, government has allocated ₹ 150 billion for the installation of these smart meters.

In this new business area, we have received orders for implementing 2 lakhs of smart metering systems in Jammu and Kashmir.

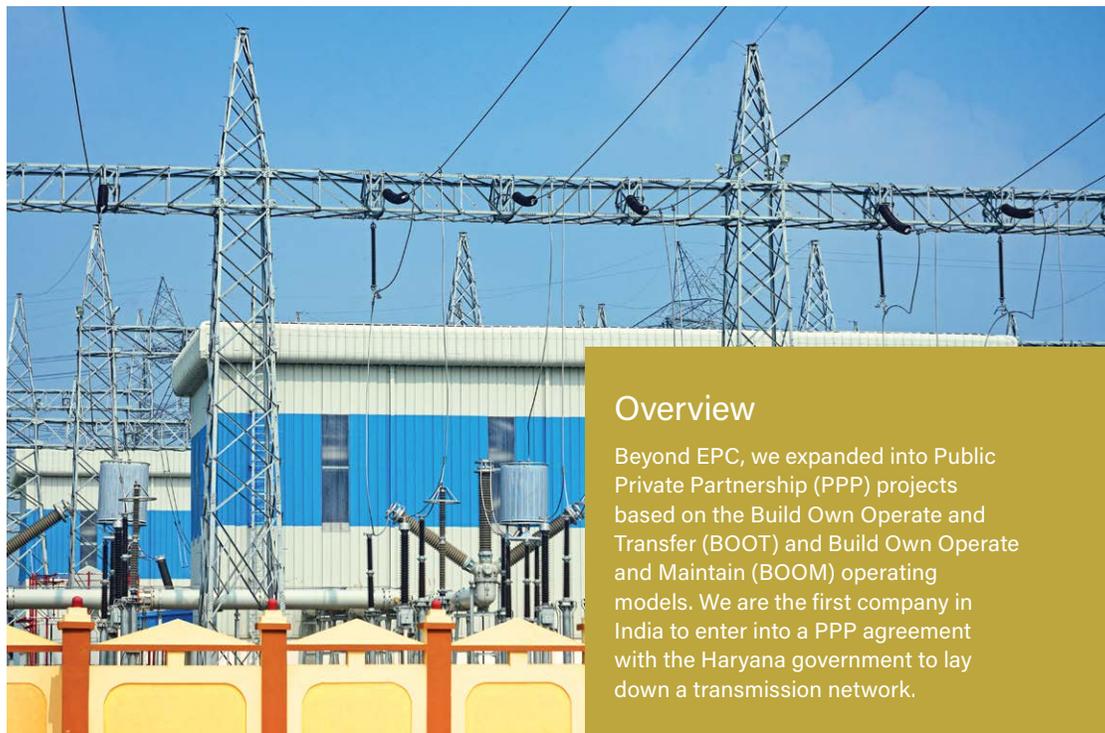

Expanding Global Operations

Our Company bagged a project in Communauté Electrique du Bénin-CEB, Togo for the extension of the Kara substation, and one more project for the design, supply, installation, and commissioning of 161/20 kV substation at Mango worth US\$ 9.69 million.

Business Segment Review

Transmission Asset Ownership

Overview

Beyond EPC, we expanded into Public Private Partnership (PPP) projects based on the Build Own Operate and Transfer (BOOT) and Build Own Operate and Maintain (BOOM) operating models. We are the first company in India to enter into a PPP agreement with the Haryana government to lay down a transmission network.

Projects

Kohima, Nagaland

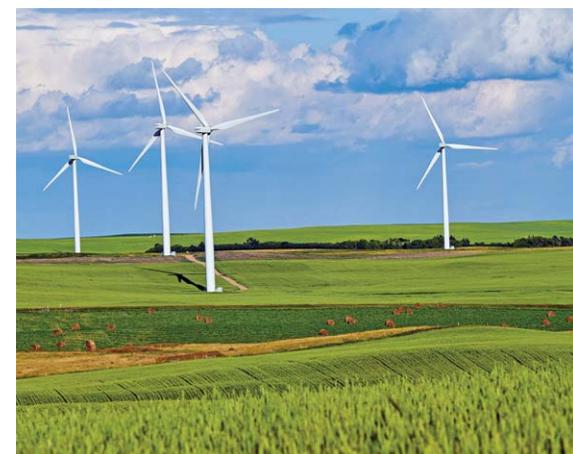

We sold our 26% stake in Kohima Mariani Transmission Limited (KMTL) to Apraava Energy Private Limited (formerly CLP India Private Limited) for ₹177 crores.

Competitive Advantage

- Leverage EPC knowledge as transmission asset complements EPC
- Enhance valuation and profitable encashment opportunities with long-term annuity incomes
- Generate operations and maintenance revenues
- Improve scale and stability with asset ownership
- Reduce requirement to bid aggressively and therefore, decrease participation in unhealthy competition

Green Power

Overview

We are an independent renewable energy producer with 129.9 MW wind energy capacity in Tamil Nadu and Karnataka. The projects provide stable multi-year cash flow and offer a modest risk-reward ratio.

Business Segment Review

Data Centre

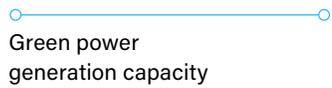

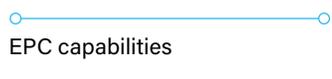

Overview

We entered the data centre infrastructure development business by leveraging our in-house EPC expertise to capitalise on the rapidly increasing data centre market. Since 70% of the CAPEX in DC is towards electrochemical work in which we have an established track record of 40+ years and managing 400 projects, we will leverage our capability and expertise to set benchmarks in the data centre segment. Our aim is to create carbon neutral data centres by utilising renewable energy as a power source. We will operate and maintain the non-IT part of data centres by leveraging our capabilities in infrastructure development and operational expertise.

Our Vision

To create multiple ultra-scalable, hyper-density data centres.

Our vision is underpinned by three critical pillars:

-  Green power generation capacity
-  EPC capabilities
-  Large infrastructure asset development and ownership experience, along with operations and maintenance services

Project Developments

CHENNAI DATA CENTRE - SIRUSERI, CHENNAI

We started our data centre business in Chennai, Tamil Nadu, and plan to expand our footprint across India and in the APAC region.

Power Capacity	TEECL has captive renewable energy (wind turbines) of ~112 MW in Tamil Nadu, generating 220 MU annually
Key Amenities	<ul style="list-style-type: none"> ▪ Designed for Hyperscale customers ▪ 100% Grade A facility of Uptime Tier 3+ grade (99.999% availability-based design and build)

The Way Ahead

As a new business segment, we have our finger on the pulse of the industry, and this includes the latest trends and developments. This gives us the upper hand when it comes to capitalising on opportunities and staying competitive in the data centre industry.

Industry Landscape

In 2020, India had a capacity of 375 MW of data centre. The capacity is expected to reach 1GW by 2025, with an industry revenue of around US\$ 4-5 billion. The growth is on the back of increasing consumption of data after the pandemic, growing adoption of smart devices and the rising demand for seamless cloud connectivity leading to an increase demand for data storage and processing requirements, as well as data security. Further, the data protection bill and roll out of 5G will enhance data consumption and increase connected devices thereby increasing demand for more data centre capacity. Following this path, India's data centre industry is poised for rapid growth in the coming years.

TEECL's Response

- Develop hyper-density data centres of capacity 250 MW by FY 2029-30 across India
- Build an ultra-scalable, hyper-density Data Centre of 24 MW IT Load in Chennai, Tamil Nadu by FY 2022-23
- Build a data centre of 24 MW IT load in Kolkata, West Bengal by FY 2024-25

Corporate Social Responsibility

Promoting Inclusive Development

We have been deeply committed to the holistic development of the communities in regions near our business operations. Our endeavour has been to reach out to as many people as possible, empower communities, and bolster the positive impact we have on people.

Our CSR approach is in line with our commitment to inclusive growth through targeted programmes in the areas of education, healthcare, food and nutrition, art and culture, women empowerment, rural development etc.

₹4.77 Cr

CSR expenditure

FY 2021-22 Highlights

During the year, our CSR initiatives were mainly concentrated on education, healthcare, and rural development.

Promoting Education

In our endeavour to promote education, we provided financial support for the construction of classrooms at the Chinmaya University campus in Kochi, Kerala. We also worked with the Karmakshetra Education Foundation in Ahmedabad, Gujarat to develop school infrastructure.

In addition to education infrastructure development, we also collaborated with Bhalo Pahar in Purulia, West Bengal, to provide basic facilities at schools for the underprivileged in rural and tribal areas. We also provided financial assistance to Lions Calcutta Greater Education Trust to impart education to underprivileged students in Baruiapur, West Bengal.

Rural Development

To improve the lives of the rural populace of Zadima village in Kohima, Nagaland, we undertook multiple projects including the construction of roads, drains, culverts, water pipeline, and village gates.

Healthcare

During the pandemic, we set up medical camps and quarantine provisions for the villages in Kohima, Nagaland.

People Practices

Building a Robust Team

Our people are the lifeblood of the Company that enabled us in achieving our strategic goals and reinforcing our vision. At TEECL, we place a high priority on attracting, developing, and retaining competent employees by providing a safe and conducive work environment, upskilling through training and development and providing growth opportunities.

Through employee-oriented initiatives, we actively engage with our employees. We have always focused on providing our employees with opportunities to grow and take on leadership roles. We also run various training and development programmes to help them improve their technical, managerial, and behavioural skills. We foster a diverse and inclusive work environment that encourages self-learning, personal and professional development, and provides our employees with the necessary exposure to enable them to make better decisions.

375
Total Employees

~5.1 Mn
Total Safe Manhours

Environment, Health and Safety

At TEECL, the health, safety, and wellbeing of our employees are the top priority for us. To ensure that our employees have the requisite education, training and skills, we conduct safety induction programmes, training on first aid, fire extinguisher use, height work, and Toll Box Talks at our sites. We also celebrated national safety week and world environment day at all our sites to reinforce our commitment towards working safely and safeguarding the environment. In addition, we also held a safety quiz to encourage engagement and awareness.

Apart from that, we conducted POSH training of 90 minutes each for five batches at both Kolkata and Gurgaon offices to avoid sexual harassment at the workplace.

PROMOTING HEALTH

During the year under review, we also conducted health check-up camps at different sites and vaccination camp at our offices to protect our employees from COVID-19 infections.

Governance

A Culture Based on Ethics

At TEECL, our corporate governance philosophy is based around compliance, transparency, Board independence, right and equitable treatment of shareholders, and protecting the interests of all stakeholders through thorough conduct and work efficiency.

By upholding the highest standards of transparency, integrity, and accountability across the organisation, our Company's top management has set an exemplary example of leadership and governance. These actions and principles have a profound impact on everyone at TEECL, from senior management to our distributor and supplier network.

The Board is responsible for our Company's management, direction, and performance. It oversees various operational areas through different Board Committees formed in accordance with the terms of the Code of Corporate Governance.

Board Committees

Board Committee	Responsibility
Audit Committee	Oversee the financial reporting process, the audit process, our Company's internal control system, and comply with laws and regulations
Corporate Social Responsibility Committee	Formulate and recommend to the Board a CSR policy outlining our Company's activities and monitor the approved CSR policy from time to time
Risk Management Committee	Responsible for reviewing and ensuring the effectiveness of the risk management plan
Nomination and Remuneration Committee	<ul style="list-style-type: none"> Identify individuals who are qualified to become Directors and who could be appointed in senior management in accordance with the criteria of our Company Recommend their appointment and removal to the Board Conduct an evaluation of each Director's performance Develop a criteria for determining a Director's qualifications, positive attributes, and independence Recommend to the Board a policy on remuneration for Directors, key managerial personnel, and other employees
Stakeholders' Relationship Committee	Consider and resolve the grievances of our stakeholders
Share Transfer and Transmission Committee	Oversee the dematerialisation of shares, as well as the transfer and transmission of shares

Governance

Board Demographics

Our Board comprises members from diverse backgrounds, qualifications, skills, and experiences, resulting in a well-rounded leadership. The Board and its Committees effectively direct our Company's strategy and ensure effective functioning and processes with a vision to create long-term value.

Board of Directors

Mr. P. P. Gupta, Managing Director

Mr. Gupta holds a Bachelor's degree in Engineering and a Master's degree in Business Management from the Indian Institute of Management (IIM) Ahmedabad. He was a management consultant at Bharat Heavy Electricals Ltd. (BHEL) and worked in the merchant banking division of the erstwhile ANZ Grindlays Bank, Kolkata. He also served as the Vice President of the Indian Electricals and Electronics Manufacturers Association (IEEMA). Mr. Gupta continues to guide our Company with over 41 years of experience in the domain.

Mr. Ankit Saraiya, Whole-Time Director

Mr. Saraiya holds a Bachelor's degree in Science (Corporate Finance and Accounting) with a minor in Computer Information Systems (CIS) from Bentley University in Waltham, Massachusetts, US. His vast financial and commercial knowledge, and his experience of over 10 years in the related field has led him to spearhead TEECL's diversification drive into anti-emission and digital infrastructure initiatives.

Mr. Krishna Murari Poddar, Independent Director

Mr. Poddar is a Commerce graduate. He is a renowned industrialist and has more than 50 years of industry experience.

Mr. K. Vasudevan, Independent Director

Mr. Vasudevan is an Electrical Engineer and a Fellow of the Institute of Engineers and the Institute of Standard Engineers with more than 46 years of experience. He is the Chairman of Green Business Centre for southern India. He is a member of the National Committee on Power, Confederation of Indian Industry (CII), and is a former President of IEEMA.

Mr. Kadenja Krishna Rai, Independent Director

Mr. Rai holds a Bachelor's degree in Arts and is a member of the Certified Associates of the Indian Institute of Bankers (CAIIB). He is a retired banking professional with 45 years of experience and has held several important portfolios. He also served as the Executive Director of Allahabad Bank from 2001 to 2004.

Ms. Dipali Khanna, Independent Woman Director

Ms. Khanna has completed the Leadership Programme from Harvard Business School and holds a Master's degree in Science (National Security) from National Defence College and a Master's degree in History from Delhi University. She has 41 years of varied work experience across renowned government organisations, with an emphasis on assisting ministries in sourcing capital from the government and developing policies and regulations to enable enhanced participation of the private sector in government initiatives.

Ms. Avantika Gupta, Non-Executive Director

Ms. Gupta is a Science graduate (Economics and Finance) with a minor in Accountancy and Creative Writing from Bentley University in Waltham, Massachusetts, US. She is equipped with strong financial and commercial knowledge and has over four years of experience.

Mr. S.N. Roy, Independent Director

Mr. Roy holds a Bachelor's degree in Electrical Engineering from the Indian Institute of Technology (IIT) Kharagpur. He started his career with Indian Oil Corporation Ltd. (IOCL) as a management trainee and thereafter joined BHEL in 1978. He retired as the Executive Director of BHEL in 2003.

Awards and Accolades

Recognising our Credibility

Over the years, we have been appreciated for excellence in our field and our industry best practices. Here are some of the awards:

Certificate of Appreciation from Kerala State Electricity Board in 2021 for completion of 400 KV Bay extension works at Madakathara

Certificate of Appreciation from Jharkhand Bijli Vitran Nigam Ltd. for 100% electrification in Dhanbad district in 2018

Safety Award from NTPC in 2018 for 'Best HSE Performance at Kudgi Site.

Award from PGCIL in 2018 as 'Best player in 765 KV AIS Substation Construction in India'

Certificate of Appreciation from North Bihar Power Distribution Co. Ltd. and Bihar State Power (Holding) Company Limited in 2016

IEI Industry Excellence Award 2016 from the Institution of Engineers (India) for demonstrating Highest Order of Business Excellence

Best Performance & Safety award 2016, 2015, 2014 and 2013 from Power Grid Corporation

National Award for meritorious performance in the power sector from the Ministry of Power, 2014

Recognised as 'Best Under a Billion'-Top 200 small and mid-cap companies by Forbes in 2008

Key Customer Accounts

Our Eminent Clients

Our innovative solutions, timely execution, and strong management skills have made us one of the most trusted names in the industry. We have achieved benchmarks that have allowed us to build a strong client portfolio and establish long-term relationships with them.

Management Discussion and Analysis

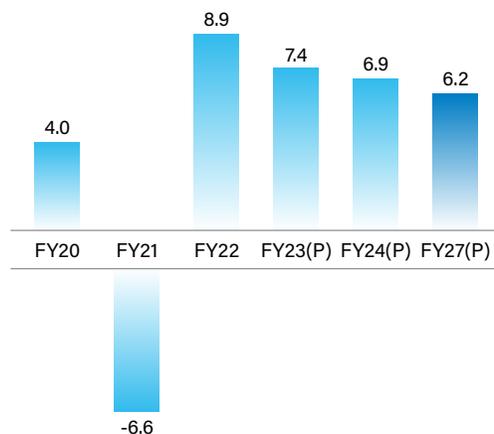

INDIAN ECONOMIC REVIEW

India became the fastest-growing economy in FY 2021-22, registering a GDP growth of 8.9%¹. The growth was fuelled by several factors including wide vaccination coverage leading to increase in economic activities, the RBI's supportive monetary policy, a large fiscal stimulus, and various supportive policy measures by the government. As part of the nation-wide vaccination drive, India's vaccine coverage exceeded over 185.55 crores vaccine doses as of 9th April 2022².

The eight core sectors that include coal, steel, cement, fertilisers, electricity, natural gas, refinery products, and crude oil grew by 10.4% during FY 2021-22. Steel, cement and natural gas made significant headway with y-o-y

Real GDP (India)⁷

(Annual % Change)

growth of 16.9%, 20.8% and 19.2% respectively. Electricity generation witnessed a y-o-y growth of 7.8% during FY 2021-22³.

While the economy showed a strong rebound in FY 2021-22 after weathering the effects of multiple COVID-19 waves, the high inflation rate impacted the recovery momentum. India's Consumer Price Index (CPI)⁴ increased to 6.95% and Wholesale Price Index (WPI)⁵ reached 14.55% in March 2022. This is primarily due to rise in prices of crude petroleum and natural gas, mineral oils, basic metals, etc., owing to disruptions in global supply chain caused by Russia-Ukraine conflict. In response, the RBI hiked repo rate by 40 bps and CRR (cash reserve ratio) by 50 bps to curb the inflation⁶.

Outlook

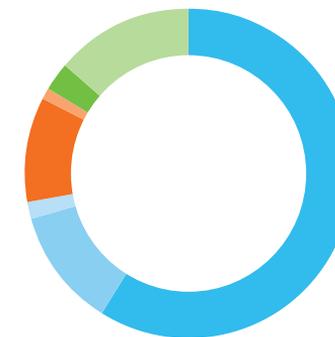

India's GDP is expected to grow to 7.4% in FY 2022-23 due to various measures introduced by the government, like deregulation of various sectors, resolution of legacy issues like retrospective tax, digital India initiative, the PLI scheme to boost domestic manufacturing, etc. These measures will help the country maintain both demand and supply. In Budget 2022-23, the government announced a larger capex outlay in Budget FY 2022-23, increasing by 35.4% from ₹5.54 lakh crore in FY 2021-22 to ₹7.5 lakh crore in FY 2022-23. With all these macroeconomic stability indicators, India is well-positioned to face the challenges and maintain the growth momentum in the coming years. However, the outlook surrounds the risks of inflation, supply chain disruptions caused primarily by the ongoing geopolitical tensions.

INDUSTRY REVIEW

India's power sector is one of the world's most diverse ones. Power generation sources include coal, lignite, natural gas, oil, hydro, and nuclear power, as well as viable non-conventional sources including wind, solar, and agricultural and domestic waste. The country's electricity demand has risen significantly and is likely to continue to rise in the coming years. To meet the country's growing need for power, a substantial increase in installed generating capacity is required. India is the third-largest producer and

Generation Category-wise Installed Capacity as on 25.05.2022

(%)

Fuel	MW	% of Total
Solar Power	55,337.66	13.80
Bio Power	10,682.36	2.66
Small Hydro Power	4,850.90	1.21
Wind Power	40,528.08	10.11
Nuclear	6,780.00	1.69
Hydro	46,722.52	11.65
Thermal	236,088.42	58.88
Total	400,989.93	100

second-largest consumer of electricity worldwide, with an installed power capacity of 395.07 GW, as of January 2022⁸.

The Government of India's focus on attaining 'Power for all' has accelerated capacity addition in the country. Coal-based power capacity in India stood at 203.9 GW in January 2022 and is expected to reach 330-441 GW by 2040. However, demand for renewable energy is on the rise worldwide and India is no exception to it. The renewable energy capacity addition stood at 8.2 GW for the first eight months of FY 2021-22 against 3.4 GW for the same period of FY 2020-21.

As of January 2022, India's installed renewable energy capacity stood at 152.36 GW, representing 38.56% of the overall installed power capacity. Solar energy is estimated to contribute 50.30 GW, followed by 40.1 GW from wind power, 10.17 GW from biomass and 46.51 GW from hydropower⁹.

Various policy support from the government has been a crucial factor in promoting sustained growth for power sector. Electrification in the country is increasing with support from schemes like Deen Dayal Upadhyay Gram Jyoti Yojana

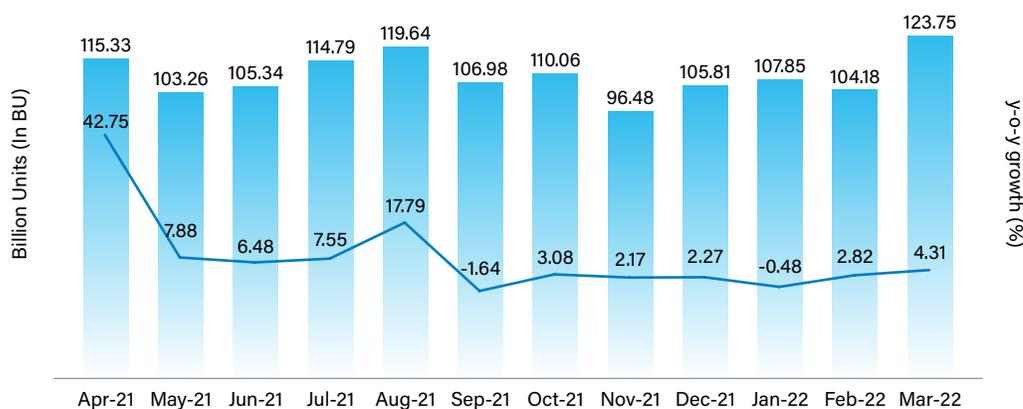

(DDUGJY), Ujjwal DISCOM Assurance Yojana (UDAY), and Integrated Power Development Scheme (IPDS). In the Union Budget 2022-23, the government allocated ₹19,500 crores (US\$ 2.57 billion) for a PLI scheme to boost the manufacturing of high-efficiency solar modules¹⁰.

GENERATION

India has transformed itself when it comes to power generation i.e., from power deficit to power surplus. As of November 2021, we have

added power generation capacity of 160.8 GW consisting of 83,920 MW from fossil fuel and 76,900 MW from non-fossil fuel capacity¹¹. In FY 2021-22, total electricity generation including generation from renewable sources in the country increased 85% to 1,234.298 BU from 1,137,850 BU the previous year. The electricity generation solely from renewable sources has increased at a CAGR of 6.8% from 2013-14 to 2020-21.

All India Electricity Generation¹²

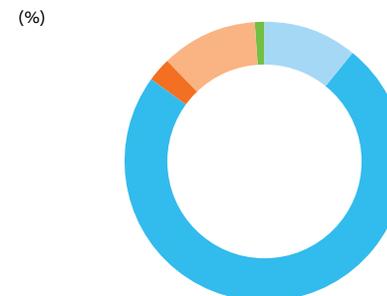

Annual Growth Trend in Power Generation¹³

YEAR	Growth in Fossil Fuel Generation (%)	Growth in Renewable Generation (Including Hydro) (%)	Growth in Non-Fossil Fuel (RE + Nuclear) Generation (%)	Growth in Total Generation (%)
2017-18	4.3%	11.1%	9.55%	5.35%
2018-19	3.4%	14.3%	12.09%	5.19%
2019-20	-2.7%	12.7%	13.99%	0.95%
2020-21	-1.0%	2.1%	0.86%	-0.52%
2021-22	7.96%	7.74%	7.96%	7.96%

TRANSMISSION

Transmission capacity plays a crucial role in making the flow of power continuous and reliable. We have significantly expanded the transmission network, resulting in a considerable reduction in transmission congestion and market splitting has become a rarity, resulting in the discovery of single price in the market. Tariff Based Competitive Bidding is increasingly being adopted for new projects in the Transmission Sector instead of Regulated Tariff. This has reduced transmission tariff by 30-40%.

Today, the country has one of the largest synchronous grids in the world. As on 31st December 2021, the status of national grid is as given below:

- Transmission line (ckm): 4,52,440
- Transformation capacity (MVA): 10,79,766
- Inter-regional capacity (MW): 1,12,250

This has facilitated seamless transfer of power from power surplus regions to power deficit regions, thus optimising the use of generation resources as well as meeting the demands of end consumers without any transmission constraints. It has also assisted growth of renewable energy-based capacity. As of August 2021, we have undergone the following improvements:

DISTRIBUTION

Power Distribution remains the most critical link in the power sector value chain. It generates cash that feeds the entire value chain right up to power generation and fuel supply. Ministry of Power has taken massive initiatives to transform the country by connecting the whole nation via one grid, strengthening the distribution system, and achieving universal household electrification. The Distribution Systems have been strengthened to ensure reliable and uninterrupted power supply. To strengthen the distribution system, GoI launched Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY) for rural areas and Integrated Power Development Scheme (IPDS) for strengthening the distribution system in urban areas in 2014. SAUBHAGYA scheme was also launched to address any gaps which were left in the distribution system.

From 2014 to 2021 we have added the following infrastructure to our distribution system:

- The total outlay for the strengthening was ₹2.02 lakh crore.
- These capabilities have improved the operational efficiency and financial sustainability of major DISCOMs and power departments.

CHALLENGES

Generation

- For optimum capacity use, the energy mix must be balanced.
- The electricity sector has a large share of non-performing assets in public sector banks.
- Environmental concerns due to thermal power generation
- Achieving India's renewable energy generating target of 175 GW by 2022

Transmission

- Power transmission infrastructure is insufficient.
- Grid connectivity of renewable energy sources

Distribution

- DISCOMs' poor financial health
- Inadequate quality of residential supplies

Outlook

India's ability to provide affordable, clean, and reliable energy to its growing population will be critical to the country's economic future development. However, avoiding the carbon-intensive path taken by other countries will require strong policies, technological leaps, and a surge in clean energy investment.

India is set to see the largest increase in energy demand of any country over the next 20 years. The combination of a growing, industrialising economy and an expanding urban population will drive the energy use to higher numbers.

DATA CENTRES

The Indian data centre industry has witnessed a significant growth in the last decade, propelled by the rising popularity of cell phones, social networking sites, e-commerce acceleration, digital entertainment, and other digital services. Adoption of developing technologies such as quantum computing, Artificial Intelligence (AI), and the Internet of Things (IoT), among others, is fuelling this increase in data utilisation and generation. Various government programmes are supporting this sector's growth.

Between 2010 and 2018, there was an increase in the computational output of data centres by more than sixfold. Growing industries requires infrastructure support to keep up with their growth. By combining the newest technologies and economics of renewables with the greater efficiencies made available by AI and IoT, data centres are paving the way for other industries to follow.

Businesses acquired data management capabilities to handle massive volumes of data generated as a result of the rapid adoption of cloud-based operations. The sector is predicted to increase at an exponential rate because of this. The Indian data centre industry is likely to increase at an annual rate of 8% between 2021 and 2026, according to projections. Increased use of online shopping is likely to boost the market in the future, thanks to the availability of user-friendly interfaces, high-speed internet, and smart devices such as smartphones, tablets, and laptops, among others.

COMPANY REVIEW

Techno Electric & Engineering Company Ltd. (TEECL) is one of India's most important power-infrastructure companies. In the three industry categories of generation, transmission, and distribution, we are at the forefront of engineering, procurement, and construction (EPC), asset ownership, and operations and maintenance services. Incorporated in 1963 and headquartered in Kolkata, our operations are spread across India and abroad. The Company has assumed a leadership position on the back of association with state-of-the-art technology manufacturers and high standards of quality management, competent human resources, and resourceful financing. We develop, own, and operate transmission, distribution and generation businesses that improve lives through reliable and accessible electricity, promoting economic growth and social wellbeing and making the communities where we work better.

Operational Summary

- Sold its 26% stake in Kohima Mariani Transmission Limited (KMTL) to Apraava Energy Private Limited (formerly CLP India Private Limited) for a total consideration of ₹177 crores
- Plan to build an ultra-scalable, hyper-density data centre of 24 MW IT Load in Chennai, Tamil Nadu by FY 2022-23 and a data centre of 24 MW IT load in Kolkata, West Bengal by FY 2024-25
- Collaborated with global major K C Cottrell, South Korea for emission control technology and under discussion with other global majors for similar technology tie-ups
- Partnered with Communauté Electrique du Benin (CEB), TOGO, for extension of Kara substation and design, supply, installation and commissioning of new 161/20 kV substation at Mango worth US\$ 9.69 million

Our Data Centre Roadmap

We entered the Data Centre industry with the goal of increasing our power generation capacity and EPC capabilities. We want to focus on enhancing our Large Infrastructure Asset Development and Ownership Experience, as well as setting up Operations and Maintenance services, by focussing on producing value for our organisation through ultra-scalable, hyper-density data centres.

We've started the process of constructing our first 24-MW data centre in Chennai, Tamil Nadu. By FY 2029-30, we expect to expand our presence across India to create hyper-density data centres with a capacity of 250 MW.

The following is our strategy for reaching this goal:

- By FY 2022-23, a 24 MW IT Load data centre will be built in Chennai, Tamil Nadu.
- By FY 2024-25, a 24 MW IT Load data centre would be built in Kolkata, West Bengal.
- Taking advantage of economies of scale: a data centre in NCR by FY 2025-26, and a data centre in Navi Mumbai by FY 2026-27.

Financial Summary

We generated a consolidated gross revenue of ₹1,07,387 lakhs in FY 2021-22, compared to ₹88,923 lakhs in FY 2021-22. In FY 2021-22, our net profit was ₹26,389 lakhs, compared to ₹18,178 lakhs in FY 2020-21.

Principle Risks and Uncertainties

We have a sophisticated and detailed risk management structure in place that identifies short- and long-term risks, develops mitigation strategies for each identified risk, and tracks the effectiveness of those strategies. The following are the primary hazards linked with our operations that we discovered:

Nature	Description	Mitigation Measure
 Economic risk	Due to India's dynamic macroeconomic dynamics and intergovernmental issues, there are likely to be business ramifications.	To make cautious decisions in choosing new projects and navigating the macroeconomic landscape, we rely on the expert direction of our management and the strength of our financial sheet. Our numerous business divisions assist us in maintaining economic balance and protect our Company in the event of unexpected economic downturns.
 Business continuity risk	Incidents that could have a negative impact on the Company's operations. Our organisation and supply chain faced unexpected hurdles because of the ongoing pandemic which resulted in a nationwide lockdown.	We take steps to adapt to changing circumstances and make quick judgments to ensure the health and safety of our employees while making strategic business decisions.
 Industry risk	Changes in the industry can have an impact on our business operations' prudence.	We stay current in the sector by pursuing a variety of commercial options in order to reduce our reliance on the Indian power market.

Nature	Description	Mitigation Measure
 Liquidity risk	Failure to pay our short-term financial obligations poses a threat to our viability.	Customers who are in a good liquidity situation and have a good rating from rating agencies are the ones we choose. We deal with well-known Indian companies that have consistently been cash-positive and responsibly manage their working capital.
 Segment risk	Our viability may be jeopardised if we rely on a single business segment.	To reduce our reliance on one business area, we invested in a wide range of business categories, including EPC contracting services, transmission network development, operations, maintenance, and power production.
 Timebound completion risk	Delays in achieving project deadlines pose a risk to our profitability.	We have completed and submitted over 425 projects ahead of schedule, and we aspire to continue delivering on time and in high quality in the future.
 Working capital risk	Inadequate working capital availability could be a hazard to the Company.	We ensure the sustainability of our operating capital by selecting projects with multilateral funding.
 Price-based competition risk	Failure to stay cost-competitive could result in contracts being lost to competitors.	By proposing a competitive price plan, we secure clients ahead of the competition.

HUMAN CAPITAL

Our workforce remains our most important source of strength, resilience, and confidence. We work hard to foster a supportive, safe, and fair management culture. We make significant investments in upskilling our workforce and retaining the top people in the business.

We hold training courses to help them improve their core competencies, stay relevant in a changing working environment, and gain experience in management and leadership. Our engineering team consists of talented and experienced individuals with a combined experience of more than 25 years. Our Board of

Directors are made up of a mix of veterans and technicians from all backgrounds who provide strategic direction and drive our growth strategy.

INTERNAL CONTROLS AND THEIR ADEQUACY

We have a solid internal control system in place for inventory management, fixed assets, and the sale of products and services, which is consistent with the size and nature of our business. To satisfy statutory requirements and changing business conditions, we upgrade and update our system on a regular basis.

Directors' Report

To,
The members of
Techno Electric & Engineering Company Limited

Your Directors take pleasure in presenting the 17th annual report, along with the audited accounts of the Company, for the year ended March 31, 2022.

FINANCIAL PERFORMANCE

Brief financial details of its EPC business and Power Generation business are provided below:

Table Showing Total Allocation in % of Plan Asset at end Measurement Period	₹ In Lakhs	
	Year ended 31st March, 2022	Year ended 31st March, 2021
Profit before finance cost and depreciation	37,283.81	29,974.06
Less: Finance Cost	559.37	784.58
Depreciation	4,089.66	4,111.03
Profit before tax	32,634.78	25,078.45
Provision for taxation	6,600.43	5,033.37
Profit after taxation	26,034.35	20,045.08
Balance brought forward from previous year	30,632.65	29,189.76
	56,667.00	49,234.84
Appropriations		
Transfer to general reserve	-	12,000.00
Interim Dividend Paid	-	6,600.00
Final Dividend Paid	4,400.00	-
Transfer from OCI-Re-measurement of defined benefit obligations	(423.84)	2.19
Surplus carried to balance sheet and OCI	52,690.84	30,632.65
	56,667.00	49,234.84

DIVIDEND

Your Directors have recommended a dividend of ₹2/- per equity share of nominal value of ₹2/- each for the financial year 2021-22.

RESERVES

Your Directors have not transfer any amount to General Reserve for the year under review.

OPERATIONAL PERFORMANCE

During the year under review, your Company has registered turnover of ₹97,876.44 Lakhs from EPC Business, ₹8,563.22 Lakhs from the Energy (Power) Business and also earned other operating revenue of ₹947.00 Lakhs. The profit after tax was at ₹26,034.35 Lakhs.

During the year 2021-22 the following projects were completed successfully:

- Contract for Supply & Erection of materials /equipment with Mandatory Spares, Transportation including transit insurance on for Site basis of all the materials/ equipment and auxiliaries in all respect on lumpsum turnkey basis for 765/400 kV Substation at Lakadia and 765kV bay extension at Bhuj in the state of Gujrat.
- Design, engineering, manufacturing, testing & supply of Materials / Equipment, transportation including transit insurance on FOTR site basis of all the material/ equipment and auxiliaries in all respect on

- turnkey basis for 2 No. 765kV at Lakadia Substation under LBTL Package.
- Contract for Extension of 400(GIS)/220(AIS) kV New Siliguri sub-station including installation of 1 no., 315MVA, 400/220/33kV, 3-phase transformer along with associated AIS/GIS bay equipment.
- Contract for Construction of 220/132/33 KV (2x160 + 3x50) MVA, GSS at Asthawan, District Nalanda including Residential Quarters with Construction of 02 Nos. 220 KV Line Bays & 06 Nos. 132 KV Line Bays at remote end on Turnkey Basis under State Plan on turnkey basis under State Plan of Bihar State Power Transmission Co. Ltd.
- Contract for 33/11KV Substation, Distribution Substation along with associated lines and related works in Srinagar Circle of Jammu & Kashmir under IPDS-Package-A.
- SS Package SS-34 for (i) Extension of 400Kv Kanpur S/s including 6 Nos. 400kV, Ohm, 1 Ph, Series Line reactors, (ii) Extension of 400kV Bhiwani S/s including 3nos. 400kV, 12 Ohm, 1Ph. Series Bus reactors & (iii) Extension of 400kV Hissar SS under Scheme to control fault level in Northern Region (Ph-II)
- Contract for Extension of 2 Nos. 400kV GIS sub-station and line bays at Jharkhand pool (Chandwa) for termination of 400kV Jharkhand Pool-Latehar D/C Line.
- Contract for Engineering, Procurement & Construction of Extension of Kara Substation & NEW 161/20 KV Substation at Mango in TOGO.
- On-Shore Supply, Service and Off-Shore contract for GIS Substation package ASM-SS04 under NER Power System Improvement Project – World Bank Funded: Intra-State-Assam of PGCIL.
- Substation Package –NAG-SS-01 including Transformer for (i) 132/33kV Longnak (New) s/s & (ii) 132/33kV Longleg (New) s/s under Transmission System for Nagaland State associated with NER Power System Improvement of PGCIL.
- Contract for the work providing all services i.e. of Flue gas Desulphurization (FGD) system Package for Bokaro "A" Thermal Power Station, BTPS "A" (1x500 MW) located at Bokaro, Jharkhand.
- Contract for Construction of 220 GIS Substations at Thalassery & Kunnankulam on Turnkey Basis (KIIFB Funding).
- Contract for Construction of 2 nos. 220kV bays at Nallalam, 2 Nos of 400 kV bays at Madakkathara and Automation & SCADA system at Madakkathara on Turnkey basis (PSDF Funding).
- Contract for Turnkey implementation of AMI for 2.0 Lakhs (1 Lakh in Jammu City + 1 Lakh in Srinagar City) with 5 years FMS including O&M for Power Development Department (PDD) of Government of J&K under PMDP.

However, the same be made available at the Registered Office / Corporate Office of the Company for inspection by members during working hours and also available at the website at <http://www.techno.co.in>. Relevant financial information of the Subsidiary/s has been disclosed in this Annual Report as required.

OUTLOOK, OPPORTUNITIES

After successfully dealing with numerous challenges in 2021-22, various sectors, including power sector have shown signs of recovery. The power sector is important to facilitate economic recovery. The sector made significant progress in 2021-22, but there are challenges ahead for enhancing green energy cover, promising reliability and resilience and security. In 2022-23, the Indian power sector will have to find solutions for the problems like power cuts, financial losses, technological up-gradation etc. The COVID-19 Pandemic have underlined the need to harness the power of technologies. Technology upgradation is the need of the hour in the power sector to ensure decarbonisation, boost digitalisation, and decentralisation that may be encouraging some trends in the sector in 2022-23.

The Paris climate deal has necessitated India to increase its green energy production. India has committed to contribute 40 per cent to global green energy generation by 2030 apart from achieving its own target of 50 per cent share of energy from non-fossil fuels and 500 GW of renewable energy by 2030. Also, it has to achieve

the target of 100GW solar energy generation in 2022-23. All these targets will fuel the growth of clean energy generation.

The cutting-edge technologies like penetration of the internet have the potential to meet energy demand and push sustainability. The cloud-based technology shall be helpful enhance the efficiency of the sector. Data collection from smart meters and other tools can be utilised for analysis and decision-making. The government is firm to promote the participation of private players in the energy sector to promote its growth and meet the energy demand of the country. This is also intended to increase the liquidity in the sector and achieve the ambitious target of 'Atma Nirbhar Bharat'. This will attract investment from across the globe to the sector.

Electrification of transportation sector will be a major trend in 2022-23 by increasing adoption of e-vehicles with big private players joining the market with their state-of-the-art products. It will be vital to develop the infrastructure required for the growth of electrification and create a favourable ecosystem. The new trend in energy storage and mitigation business may be a game changer in the power sector in India. Energy storage methods such as batteries, thermal, mechanical, pumped hydro, hydrogen will flourish in 2022-23.

Techno being already in the Smart Metering, Flue Gas Desulphurisation (FGD), STATCOM etc. Segment, it has vast opportunity in future and can be part of power sector transformation apart from its core EPC segment. Further, we are also exploring the opportunity in Battery Energy Storage Solutions (BEES) segment.

LISTING OF SHARES

The equity shares of the Company are listed with BSE Limited (Code: 542141) and the National Stock Exchange of India Limited (Symbol: TECHNOC).

DIRECTORS

As on March 31, 2022, the Board consist of Five Independent (Non-Executive) Directors including one Woman Independent Director, One Managing Director (Executive), One Whole-time

Director (Executive) and One Non-Independent Woman Director (Non-Executive).

Annexure III

FORM NO MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Techno Electric & Engineering Company Limited

C-218, Ground Floor (GR-2), Sector-63, Noida
Gautam Buddha Nagar UP 201307

I have conducted the secretarial audit pursuant to Section 204 of the Companies Act, 2013, on the compliance of applicable statutory provisions and the adherence to good corporate practices by Techno Electric & Engineering Company Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Techno Electric & Engineering Company Limited's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 complied with the statutory provisions listed hereunder and also the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Techno Electric & Engineering Company Limited ("the Company") for the financial year ended on 31st March, 2022 according to the provisions of:

- i) The Companies Act, 1956 (to the extent applicable) and the Companies Act, 2013 (the Act) and the rules made thereunder;
- ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

The key objectives of the committee are to look after the dematerialisation of shares, transfer and transmission of shares. The Committee meets as and when required.

CORPORATE SOCIAL RESPONSIBILITY ("CSR") COMMITTEE

The Corporate Social Responsibility ("CSR") Committee have four directors as its members. Mr. Krishna Murari Poddar is the Chairman of the Committee and other members are Mr. Samarendra Nath Roy, Ms. Avantika Gupta and Ms. Dipali Khanna. The Board of Directors on their meeting held on March 21, 2022 reconstituted the Committee by inducting Ms. Dipali Khanna as the new member of the committee.

The broad terms of reference CSR committee are as follows:

- Formulate and recommend to the board, a CSR policy indicating the activities to be undertaken by the Company as specified in Schedule VII of the Act.
- Recommend the amount of expenditure to be incurred on the activities referred to above.
- Monitor the CSR Policy of the Company from time to time.

The Company Secretary acts as the Secretary of the Committee.

Two meetings of the Committee were held on June 25, 2021 and August 05, 2021.

The Company had provided e-voting facility and voting through ballot to Shareholders for all the resolutions that was mentioned in the Notice of Annual General Meeting and the same was carried with requisite majority.

POSTAL BALLOT

During the year under review, no Resolution was passed / required to be passed by the Company through Postal Ballot. However, as on the date of this report i.e. 12th August, 2022, the Company had sought the approval of the Shareholder in two resolutions through postal ballot vide notice dated June 16, 2022, the result of which was declared on July 21, 2022.

During the year, no Resolution was passed / required to be passed by the Company through Postal Ballot.

SUBSIDIARY COMPANIES

The Company does not have any material subsidiary company; therefore, no disclosure is required to be made.

DISCLOSURES

- There were no materially significant related party transactions i.e. transactions of material nature, with its promoters, directors or the management or their relatives etc. (except the payment of remuneration to the Managing Director and sitting fees to relatives of Managing Director and remuneration paid by the Company to its whole-time director), during the year, that may have potential conflict with the interest of the Company at large.
- There was no non-compliance by the Company during the last year on any matter related to the capital markets and no penalties or strictures imposed on the Company by stock exchanges or SEBI or any other statutory authority.
- No treatment different from the prescribed Accounting Standard have been followed in the preparation of the financial statements.
- The Risk Management Committee assesses the risks involved in the business of the

Company and report to the Board on regular basis. The Board advises the steps and procedures for its minimisation.

- The Company has not raised any amount through public issues, rights issues, preferential issue etc. during the year.
- The non-executive Directors have not been paid any remuneration other than sitting fees.
- Management discussion and analysis report forms part of this Annual Report.

MEANS OF COMMUNICATION

The Company has established systems and procedures to enable its stakeholders to have access to the complete information about the Company. Maximum information is available at the website of the Company (<http://www.techno.co.in>). The investors of the Company were provided with the facility to register their complaints through "SCORES", a platform provided by SEBI and/or through email to desk.investors@techno.co.in.

All material information which could have bearing on the Company's share price was disseminated to the National Stock Exchange of India Limited (NSE), the BSE Limited (BSE). All official news releases and presentations were posted on the website as mentioned above.

10. Share Transfer & Transmission System:

The Board has delegated the authority for approving transfer, transmission, dematerialisation of shares etc. to the Share Transfer/ Transmission Committee. A summary of transactions so approved by the Committee is placed at the Board Meeting held quarterly. The Company obtains an annual certificate from Practising Company Secretaries as per the requirement of Regulation 40(9) of Listing Regulations and the same is filed with the Stock Exchanges and available on the website of the Company. In terms of amended Regulation 40 of Listing Regulations w.e.f. 1st April, 2019, transfer of securities in physical form shall not be processed unless the securities are held in the demat mode with a Depository Participant. Further, with effect from 24th January, 2022, SEBI has made it mandatory for listed companies to issue securities in demat mode only while processing any investor service requests viz. issue of duplicate share certificates, exchange/sub-division/ splitting/consolidation of securities, transmission/ transposition of securities. Vide its Circular dated 25th January, 2022, SEBI has clarified that listed entities/ RTAs shall now issue a Letter of Confirmation in lieu of the share certificate while processing any of the aforesaid investor service request.

Simplified Norms for processing Investor Service Request

SEBI, vide its Circular dated 3rd November, 2021, has made it mandatory for holders of physical securities to furnish PAN, KYC and Nomination/Opt-out of Nomination details to avail any investor service. Folios wherein any one of the above mentioned details are not registered by 1st April, 2023 shall be frozen. The concerned Members are therefore urged to furnish PAN, KYC and Nomination/ Opt out of Nomination by submitting the prescribed forms duly filled by email from their registered email id to nichetechpl@nichetechpl.com or by sending a physical copy of the prescribed forms duly filled and signed by the registered holders to M/s. Niche Technologies Pvt. Limited 3A, Auckland Place, 7th Floor, Room No. 7A & 7B, Kolkata - 700 017.

All grievances relating to shares, dividend etc. are looked after by the Stakeholder's Relationship Committee. The RTA follows the relevant guidelines and circulars issued by SEBI from time to time while processing the share transfers and transmissions.

CERTIFICATE

To the Members of
Techno Electric & Engineering Company Limited

We have examined the compliance of conditions of code of Corporate Governance by Techno Electric & Engineering Company Limited (the Company), for the year ended March 31, 2022 and also till the date of this certificates stipulated in Regulations 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 and clauses (b) to (i) of sub-regulation (2) of regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (collectively referred to as "SEBI Listing Regulations, 2015).

The compliance of the conditions of Corporate Governance is the responsibility of the Company's management. Our examination has been limited to a review of the procedures and implementations thereof adopted by the Company for ensuring compliance with the conditions of Corporate Governance. It is neither an audit nor an express of an opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the directors and the management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on March 31, 2022.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

3. Governance related to BR

- a) Indicate the frequency with which the Board of Directors, Committee of the Board or CEO assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year.

There is no defined frequency. However, the BR performance of the Company is periodically assessed by the Management.
- b) Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

The Company publishes the BR annually and the same is available at <http://www.techno.co.in>.

Joint Ventures/ Suppliers/ Contractors / NGOs/ others?

Techno considers Corporate Governance as an integral part of good management. As a result, the Company has adopted a Code of Business Conduct & Ethics ('the Code'). This Code is applicable to the Board of Directors and all employees of the Company. The members of the Board of Directors and the members of the Senior Management of the Company are required to affirm compliance of this code.

This Code requires the Directors and employees of the Company to act honestly, fairly, ethically and with integrity. This Code helps the Directors and employees to conduct themselves in professional, courteous, and respectful manner and to ensure that their independent judgement is not sub-ordinated.

The Corporate Governance framework is further supported by a Vigil Mechanism Policy which serves as a mechanism for its directors and employees to report any genuine concerns about unethical behavior,

PRINCIPLE 1

- 1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extends to the Group/

actual or suspected fraud or violation of the Code of Conduct without fear of reprisal, and hence to help ensure the Company continues to uphold its high standards.

- How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

The Company takes action on the complaints and provides a suitable reply to the stakeholders on immediate basis. The details of shareholder complaints received and resolved during the financial year are given in the Corporate Governance Report.

PRINCIPLE 2

- List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The Company is a solution provider in the Power Sector and a power generator from wind sources. It executed projects for the and as per the requirement of the Clients.

- Does the Company have procedures in place for sustainable sourcing (including transportation)?

The Company endeavors to focus on protection of environment, stakeholders' interest and cost effectiveness while procuring any material or goods for execution of projects. The main materials - transformer, circuit breaker, steel, aluminum, cement, cables and various items relating to the industry are procured from manufacturers / producers who are well reputed keeping in mind the need for quality and consistency. Adequate steps are taken for safety during transportation and optimisation of logistics, which, in turn, help to mitigate the impact on climate.

- Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? Yes
The Company procures sand, stone chips, bricks etc. from local vendors at the location of the projects which provides them the earning opportunity.
- Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.
The Company is a service / solution provider in power sector and has no manufacturing facility. However, it send the scrap to through local vendors for recycling. The Company endeavors to manage the environmental impacts of organisational activities, products and services. The percentage of recycling of products and waste is very negligible.

PRINCIPLE 3

- Please indicate the Total number of permanent employees. - 350
- Please indicate the Total number of employees hired on temporary/contractual/casual basis. -22
- Please indicate the Number of permanent women employees. -14
- Please indicate the Number of permanent employees with disabilities 1
- Do you have an employee association that is recognised by management? No
- What percentage of your permanent employees is members of this recognised employee association? "Not Applicable"
- Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year. Nil

Category	₹ In Lakhs	
	No. of Complaints filed during the Financial Year	No. of complaints pending as on end of the Financial Year
Child labour/forced labour/involuntary labour	NIL	NA
Sexual harassment	NIL	NA
Discriminatory employment	NIL	NA

- What percentage of your under mentioned employees were given safety and skill up-gradation training in the last year?
 - Permanent Employees - 52%
 - Permanent Women Employees - 75%
 - Casual/Temporary/Contractual Employees- Contractual employees are given training.
 - Employees with Disabilities- 0%

civil construction works at project sites and at the place of rural electrification projects by guiding them based on technical skills and apprising them the potential risks / hazards that may happen during performing their jobs.

PRINCIPLE 5

- Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

The Company remains committed to respect and protect human rights. The Company's Code of Business Conduct & Ethics and the human resource practices cover most of these aspects. The Company does not hire child labour, forced labour or involuntary labour. The Company never discriminates between its employees. This practice extends to the Techno Group.

Independent Auditor's Report

To the Members of
Techno Electric & Engineering Company Ltd.

INDEPENDENT AUDITOR'S REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of Techno Electric & Engineering Company Limited ("the Company"), which comprise the balance sheet as at March 31 2022, the statement of profit and loss, (including the statement of other comprehensive income), the cash flow statement and the statement of changes in equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the standalone financial statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Descriptions of Key Audit Matter

A. Revenue Recognition

The accuracy of amounts recorded as revenue is an inherent risk due to the complexity involve.

The application of revenue recognition accounting standards Ind AS 115 is complex and involves a number of judgments and estimates. Revenue is recognised when the control of the underlying products has been transferred to customer along with the satisfaction of the Company's performance obligation under a contract with customer.

Further in EPC contract, revenue is accounted for under the percentage completion method which also requires significant judgments and estimates in particular with respect to estimation the cost to complete.

Due to the estimates, judgment and complexity involved in the application of the revenue recognition accounting standards, we have considered this matter as a key audit matter. The Company's accounting policies relating to revenue recognition are presented in note 5.11 to the financial statements.

How we addressed the matter in our audit

As part of our audit, we understood the Company's policies and processes, control mechanisms and methods in relation to the revenue recognition and evaluated the design and operative effectiveness of the financial controls from the above through our test of control procedures.

- Tested a sample of sales transactions for compliance with the Company's accounting principles to assess the completeness, occurrence and accuracy of revenue recorded. Also revenue is recognised when the Company satisfies a performance obligation.
- Performing procedures to ensure that the revenue recognition criteria adopted by Company for all major revenue streams is appropriate and in line with the Company's accounting policies.
- We tested the company's system generated reports, based on which revenue is accrued at the year end, and performed tests of details on the accrued revenue and accounts receivable balances recognized in the balance sheet at the year end.
- We evaluated the management's process to recognize revenue over a period of time, total cost estimates, status of the projects and re-calculated the arithmetic accuracy of the same.
- We examined contracts with exceptions including contracts with low or negative margins, loss making contracts, etc. to determine the level of provisioning. We examined contracts with exceptions including contracts with low or negative margins, loss making contracts, etc. to determine the level of provisioning.
- Our tests of detail focused on transactions occurring within proximity of the year end and obtaining evidence to support the appropriate timing of revenue recognition, based on terms and conditions set out in sales contracts and delivery documents or system generated reports. We considered the appropriateness and accuracy of any cut-off adjustments.
- Traced disclosure information to accounting records and other supporting documentation.

Our Observation:

Based on the audit procedures performed we did not obtain any material exceptions in the revenue recognition.

Descriptions of Key Audit Matter	How we addressed the matter in our audit
<p>B. Valuation and existence of Investment in Bonds, Debentures, Commercial Papers and Mutual Funds.</p> <p>Valuation and existence of current investments in bonds, debentures, commercial papers and mutual funds designated at fair value through profit or loss (the Investments) are valued at ₹ 1,01,001.65 lakhs and represent 40.20% of total assets. Further disclosures on the Investments are included at Note 9 to the financial statements. This was an area of focus for our audit and the area where significant audit effort was directed. As at March 31, 2022, all Investments are in debentures, bonds, commercial papers & mutual funds and are actively traded with readily available net asset value of the investment.</p>	<p>Understanding of the business processes employed by the Company for accounting for, and valuing, their investment portfolio. We obtained accounts confirmation for the investment in bonds, debentures and mutual funds and verified that the company was the recorded owner of all current investments. Our audit procedures over the valuation of the Investments included agreeing the fair valuation of all Investments held at March 31, 2022 to the Net Assets Value provided by the respective Mutual funds & market quotes provided by the agents for the bonds.</p> <p>Our Observation:</p> <p>Based on the audit procedures performed we are satisfied with valuation and existence of current investment.</p>

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the annual reports, but does not include the standalone financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true

and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those charged with governance are

also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes

in Equity dealt with by this Report are in agreement with the books of account;

- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
- (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statement of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2022 has been paid/ provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - I. The Company has disclosed the impact of pending litigations on its financial position in its Standalone financial statements– Refer Note No. 45 to the standalone financial statements;
 - II. The Company has made provisions as required under the applicable laws of accounting standards for material foreseeable losses, if any, on long-term contracts including derivative contracts.

- III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- IV. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner

whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.
- V. The final dividend paid by the Company during the year in respect of the same declared for the previous year and Interim dividends declared and paid during the year is in accordance with section 123 of the Act to the extent it applies to declaration and payment of dividend. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

Annexure 'A' to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Techno Electric & Engineering Company Limited.

We report that:

- i. In the respect of matters specified in clause (i) of paragraphs 3 the Order:
- a) A. The Company has maintained proper records of Property, Plant & Equipment showing full particulars, including quantitative details and situation of Property, Plant & Equipment.
- B. The Company has maintained proper records showing full particulars of intangible assets.
- b) The Company has a phased program of physical verification of its Property, Plant & Equipment which in our opinion, is reasonable having regard to the size of the Company and the nature of its business. In accordance with such program, the management has physically verified certain Property, Plant & Equipment during the year and no material discrepancies were noticed on such verification.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii. In the respect of matters specified in clause (ii) of paragraphs 3 the Order:
- (a) The inventories were physically verified at the reasonable interval by the management during the year and in our opinion the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. The discrepancies noticed on such verifications of inventories as compared to the book records were not 10% or more in aggregate for each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the unaudited books of accounts of the Company except as follows (Also refer note – 52 to the standalone financial statements)

(₹ In lakhs)

iii. In the respect of matters specified in clause (iii) of paragraphs 3 the Order:

- (a) During the year, the Company has made investments in equity shares of three companies, preference shares of one company, twenty four mutual fund schemes, two commercial papers and in two corporate bonds. The Company has granted unsecured loans to one subsidiary company and one body corporate. The Company has not granted loan to joint venture and associate companies. The Company has not provided any guarantee or security to companies, firms, limited liability partnerships or any other parties during the year. The aggregate amount of loans granted and balance outstanding inclusive of interest receivable at the balance sheet date is given below-

Particulars	Loan given (₹ in lakhs)
Aggregate amount granted/ provided during the year	
Subsidiaries	2,725.91
Other than subsidiaries, joint ventures and associates	11,000.00
Balance outstanding as at balance sheet date in respect of above	
Subsidiaries	2,728.96
Other than subsidiaries, joint ventures and associates	6,492.18

- (b) In respect of the above investments/loans, the terms and conditions under which such loans were granted/investment were made are not prejudicial to the interest of the Company.
- (c) In respect of aforesaid loans given, the schedule of the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular except in one case where interest on loan granted are converted into loan and loan extended/renewed on maturity during the year.
- (d) In respect of aforesaid loans given, there is no amount which is overdue for more than ninety days.
- (e) The loan amount was granted to a Company which has fallen due during the year and was renewed/extended. Further, no fresh loans were granted to the above party to settle the existing overdue loan. Aggregate amount of dues renewed or extended is ₹ 6,518.64 lakhs which constitute 47.49% of total loans granted during the year.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not given any loans either repayable on demand or without specifying any terms or period of repayment.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans, investments made and providing guarantees and securities.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits from the public within the meaning of section 73,74,75 and 76 of the Act and Rules framed thereunder to the extent notified.
- vi. We have broadly reviewed the books of accounts maintained by the Company in respect of wind power generation, where pursuant to the rule made by the Central Government of India the maintenance of cost records has been prescribed under section 148(1) of the Companies Act 2013 and are of the opinion that, prima facie, the prescribed records have been maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete. The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for Engineering services rendered by the Company.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us: the Company is generally regular in depositing undisputed statutory dues, in respect of Provident Fund, Employees' State Insurance, Income-tax, customs duty, goods & service Tax, cess and other statutory dues, as applicable, to the appropriate authorities. There are no arrears in respect of the aforesaid dues as at 31st March, 2022 for a period of more than six months from the date they became payable. As informed, the provisions of sales Tax, Service Tax, duty of excise and value added tax are currently not applicable to the Company.
- (b) According to the information and explanations given to us and the records of the Company examined by us, the particulars of statutory dues referred to in sub-clause (a) as at March 31, 2022 which have not been deposited on account of a dispute, are as follows:
- | Name of the Statute | Nature of Dues | Amount (₹ In lakhs) | Period to which the amount relates | Forum Where Dispute is Pending |
|----------------------------------|---|---------------------|------------------------------------|--------------------------------------|
| Orissa Value Added Tax Act, 2004 | Due to non submission of books of Accounts at the time of assessment | 49.52 | FY 2005-06 to FY 2008-09 | Tribunal Authority, Angul |
| Madhya Pradesh Vat Act, 2002 | Dispute on account of Extra freight & Entry Tax charge on Purchase, etc | 20.59 | FY 2012-13 | Appellate Authority, Jabalpur |
| Madhya Pradesh Vat Act, 2002 | TDS Credit not admitted | 5.10 | FY 2014-15 | Appellate Authority, Jabalpur |
| Income Tax Act, 1961 | Income Tax | 346.10 | A.Y. 2017-18 | Commissioner of Income Tax (Appeals) |
- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- ix. In the respect of matters specified in clause (ix) of paragraphs 3 the Order:
- (a) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) According to the records examined by us and information and explanations given to us we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or government authority.
- (c) The company has not obtained any term loan during the year and accordingly the clause 3(ix)(c) of the order is not applicable.
- (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or joint venture.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised any loans during the year on pledge of securities held in its subsidiaries or joint venture.
- x. In the respect of matters specified in clause (x) of paragraphs 3 the Order:
- (a) The company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, clause 3(x)(a) of the order is not applicable to the company.

- (b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, clause 3(x)(b) of the Order is not applicable to the Company.
- xi. In the respect of matters specified in clause (xi) of paragraphs 3 the Order:
- (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanation given to us, a report under Section 143(12) of the Act in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- xii. The Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. (a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year.
- xv. The Company has not entered into any non cash transactions with its directors or persons connected with them to which Section 192 of the Act applies. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. In the respect of matters specified in clause (xvi) of paragraphs 3 the Order:
- (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking / housing finance activities during the year. Accordingly, the reporting under clause 3(xvi) (b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations provided by the management of the Company, the Group does not have any CIC's, which are part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete. Accordingly, reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred any cash losses in the current and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable.
- xix. According to the information and explanations given to us and on the basis of the financial ratios (refer Note 54 to the standalone financial statements), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The Company has not transferred the amount remaining unspent in respect of other than ongoing projects, to a Fund specified in Schedule VII to the Companies Act, 2013 (the Act), till the date of the report. However, the period for such transfer i.e. six months of the expiry of the financial year as permitted under second proviso to sub-section (5) of section 135 of the Act, has not elapsed till the date of our report. This matter has been disclosed in note 49 to the standalone financial statements.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure 'B' to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Techno Electric & Engineering Company Limited** of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statement of Techno Electric & Engineering Company Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference

to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statement was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to these standalone financial statements included obtaining an understanding of internal financial controls with reference to financial statement, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to these standalone financial statements.

Meaning of internal financial controls with reference to standalone financial Statements

A company's internal financial control with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent limitations of internal financial controls over financial reporting with reference to standalone financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial

statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Notes

to the Financial Statements for the year ended 31st March 2022

SIGNIFICANT ACCOUNTING POLICIES:

1. COMPANY OVERVIEW

Techno Electric & Engineering Company Limited is a recognized company in the power sector. It provides engineering, procurement and construction services to the three segments of power sector including generation, transmission and distribution. The Company is also engaged in generation of wind power through Wind Turbine Generators in the states of Tamil Nadu & Karnataka. The Company is recognized for its expertise in the domains of light construction and heavy engineering segments across the country's power sector. The Company is a public limited company incorporated and domiciled in India and has its registered office at C-218 Ground Floor (GR-2) Sector-63, Noida Gautam Buddha Nagar Uttar Pradesh-201307, India.

The financial statements are approved for issue by the Company's Board of Directors on 30th May, 2022

2. BASIS OF PREPARATION

a. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

This Note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

b. Basis of Measurement

The financial statements have been prepared on a historical cost convention, on accrual basis, except for following assets and liabilities which have been measured at fair value:

- Financial Instruments
- Defined Benefit Obligations

Historical cost is generally based on fair value of consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

3. FUNCTIONAL & PRESENTATION CURRENCY

These Financial statements are presented in Indian Rupees (INR) which is also the company's functional currency and all amounts are rounded to the nearest lakhs and two decimals thereof, except as stated otherwise.

Notes

to the Financial Statements for the year ended 31st March 2022

4. USE OF ESTIMATES

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note 5.19. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

5. SIGNIFICANT ACCOUNTING POLICIES

5.1. PROPERTY, PLANT AND EQUIPMENT

Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price, non-refundable taxes, directly attributable cost (including borrowings) of bringing the assets to its working conditions and locations and present value of any obligatory decommissioning cost for its intended use.

In case of constructed assets, cost includes cost of all materials used in construction, direct labour, allocation overheads and directly attributable borrowing cost.

Assets are depreciated to the residual values on a straight-line basis over the useful life prescribed in Schedule II to the Companies Act, 2013 except Office equipment and Furniture & Fixture which are depreciated on written down value method. Freehold land is not depreciated.

Depreciation on Wind Mills are calculated on the basis of useful life of 20 years based on technical advice as against 22 years in Schedule II to the Companies Act 2013 on straight line method.

The residual values and estimated useful life are reviewed at the end of each financial year, with effect of any changes in estimate accounted for on prospective basis. Each component of a Property Plant and Equipment with a cost that is significant in relation to the total cost of that item is depreciated separately if its useful life differs from the other component of assets. The useful life of the items of PPE estimated by the management for the current and comparative period are in line with the useful life as per Schedule II of the Companies Act, 2013.

5.2. INTANGIBLE ASSETS

Identifiable intangible assets are recognised:-

- a) when the Company controls the asset,
- b) It is probable that future economic benefits attributed to the asset will flow to the Company and
- c) The cost of the asset can be reliably measured.

Notes

to the Financial Statements for the year ended 31st March 2022

Computer software are capitalised at the amounts paid to acquire the respective license for use and are amortised over the useful life prescribed in Schedule II to the Companies Act, 2013 on straight line basis.

5.3. CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes cash in hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the Company's cash management.

5.4. INVENTORIES

Inventories are valued at the lower of cost and net realizable value except scrap, which is valued at net realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their respective present location and condition. Cost is determined using the weighted average cost basis.

However materials and other supplies held in the use of production of Inventories (Finished Goods, Work In Progress) are not written down below the cost if the finished products in which they will be used are expected to be sold at or above the cost.

5.5. LEASES

The Company as lessor

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

The Company as lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognized as expense in the periods in which they are incurred.

Lease Liability

The lease payments that are not paid at the commencement date are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined,

Notes

to the Financial Statements for the year ended 31st March 2022

which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments) payable during the lease term and under reasonably certain extension options, less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the Balance Sheet.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Company remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the company incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets. The costs are included in the related right-of-use asset.

ROU assets are depreciated over the shorter period of the lease term and useful life of the underlying asset. If the company is reasonably certain to exercise a purchase option, the right-of use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease.

Notes

to the Financial Statements for the year ended 31st March 2022

The ROU assets are not presented as a separate line in the Balance Sheet but presented below similar owned assets as a separate line in the PPE note under "Notes forming part of the Financial Statement".

The Company applies Ind AS 36- Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as per its accounting policy on 'property, plant and equipment'.

As a practical expedient, Ind AS 116 permits a lessee not to separate non-lease components when bifurcation of the payments is not available between the two components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has used this practical expedient.

Extension and termination options are included in many of the leases. In determining the lease term the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option.

5.6. EMPLOYEE BENEFITS

- a] Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered.
- b] Compensated absence is accounted for using the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to profit and loss in the period in which they arise.

- c] Contribution to Provident Fund, a defined contribution plan, is made in accordance with the statute, and is recognized as an expense in the year in which employees have rendered services.

- d) The cost of providing gratuity, a defined benefit plan, is determined using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income in the period in which they arise. Other costs are accounted in statement of profit and loss.

The Company operates a defined benefit plan for gratuity, which requires contributions to be made to a separately administered fund. The fund is managed by a trust. The trust has appointed an insurance company to manage the funds of the trust. These benefits are fully funded.

5.7. FOREIGN CURRENCY REINSTATEMENT AND TRANSLATION

Transactions in foreign currency are initially recorded by the Company at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange difference recognized in statement of profit and loss. Differences arising on settlement of monetary items are also recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction.

Notes

to the Financial Statements for the year ended 31st March 2022

5.8. FINANCIAL INSTRUMENTS - INITIAL RECOGNITION, SUBSEQUENT MEASUREMENT AND IMPAIRMENT

i. Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular purchase and sale of financial assets are accounted for at trade date.

ii. Subsequent Measurement

Non-Derivative Financial Instruments

A. Financial Assets

- a) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model

whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- c) Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through statement of profit and loss.

B. Financial Liabilities

- i. Initial recognition and measurement

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities (other than liabilities through profit and loss) are added to or deducted from the fair value measured on initial recognition of the financial liabilities.

- ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- a) **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss

Notes

to the Financial Statements for the year ended 31st March 2022

include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the statement of profit or loss.

b) De-recognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109 – ‘Financial Instruments’. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

c) Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the Trade receivables or any contractual right to receive cash or other financial asset that result from transactions that are within the scope of Ind-AS 11 and Ind-AS 18. ECL is the difference between all contractual cash flows that are due to the

Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR

5.9. BORROWING COSTS

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

All other borrowing costs are expensed in the period in which they occur.

5.10. TAXATION

Income tax expense represents the sum of current and deferred tax. Tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or other comprehensive income, in such cases the tax is also recognized directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognized in equity or other comprehensive income is also recognized in equity or other comprehensive income and such change could be for change in tax rate.

i. Current Tax

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax

Notes

to the Financial Statements for the year ended 31st March 2022

regulations are subject to interpretation and establishes provisions where appropriate.

ii. Deferred Tax

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilized. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying

transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

iii. Minimum Alternate Tax

MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal Income Tax during the specified period. In the year in which the Minimum Alternate Tax (MAT) credit becomes eligible to be recognized as an asset. The said asset is created by way of credit to the Statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

5.11. REVENUE RECOGNITION AND OTHER INCOME

The Company earns revenue primarily from sale of goods. It also earns revenue from its Construction Projects which includes Engineering & Construction services and from Power Generation.

Ind AS 115 “Revenue from Contracts with Customers”, that replaces Ind AS 18 “Revenue” and Ind AS 11 “Construction Contracts” and related interpretations, introduce one single new model for recognition of revenue which includes a 5-step approach and detailed guidelines. Among other, such

Notes

to the Financial Statements for the year ended 31st March 2022

guidelines are on allocation of revenue to performance obligations within multi-element arrangements, measurement and recognition of variable consideration and the timing of revenue recognition.

The Company considers the terms of the contract in determining the transaction price. The transaction price is based upon the amount the entity expects to be entitled to in exchange for transferring of promised goods and services to the customer after deducting incentive programs, included but not limited to discounts, volume rebates etc.

a) Revenue from sale of goods and services

Revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, which generally coincides with the delivery of goods to customers. Revenue from services are recognized when services are rendered.

b) Revenue from construction contracts

Performance obligations with reference to construction contracts are satisfied over the period of time, and accordingly, revenue from such contracts is recognized based on progress of performance determined using input method with reference to the cost incurred on contract and their estimated total costs. Variation in contract work and other claims are included to the extent that the amount can be measured reliably and its receipt is considered probable.

Estimates of revenue and costs are reviewed periodically and revised, wherever circumstances change, resulting increases or decreases in revenue determination, is recognized in the period in which estimates are revised.

c) Revenue from Power Generation

Power generation income is recognized on the basis of units of power generated, net of wheeling and transmission loss, as applicable, when no significant uncertainty as to the measurability or collectability exists.

Renewal Energy Certificate Income is accounted on accrual basis at the rate sold at the Power Exchanges. At the year-end Renewal Energy Certificate Income is recognised at the minimum floor price specified by the Central Regulator of CERC / last traded price at the exchange.

d) Generation Based Incentive

Generation based Incentive is recognized on accrual basis i.e. on the basis of units of power generated, as referred above for which necessary claims have been lodged / is in the process of being lodged with the concerned authorities.

e) Contract Assets

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Unbilled receivables where further subsequent performance obligation is pending are classified as contract assets when the company does not have unconditional right to receive cash as per contractual terms. Revenue recognition for fixed price development contracts is based on percentage of completion method. Invoicing to the clients is based on milestones as defined in the contract. This would result in the timing of revenue recognition being different from the timing of billing the customers. Unbilled revenue for fixed price development contracts is classified as non-financial asset as the contractual right to

Notes

to the Financial Statements for the year ended 31st March 2022

consideration is dependent on completion of contractual milestones.

f) Impairment of Contract asset

The Company assesses a contract asset for impairment in accordance with Ind AS 109. An impairment of a contract asset is measured, presented and disclosed on the same basis as a financial asset that is within the scope of Ind AS 109.

g) Contract Liability

Contract Liability is recognised when there are billings in excess of revenues and it also includes consideration received from customers for whom the company has pending obligation to transfer goods or services.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

h) Modification in contract

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of goods or services.

i) Interest and Dividend Income

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Dividend income is recognized when the Company's right to receive the amount has been established.

5.12. DIVIDEND DISTRIBUTION

Annual dividend distribution to the shareholders is recognized as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognized on approval by Board of Directors. Dividend payable is recognized directly in equity.

5.13. EARNINGS PER SHARE

Earnings per Share (EPS) is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss after tax for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

5.14. PROVISIONS AND CONTINGENCIES

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of

Notes

to the Financial Statements for the year ended 31st March 2022

resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

b) Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

c) Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

5.15. INVESTMENT IN SUBSIDIARIES

A subsidiary is an entity controlled by the Company. Control exists when the Company has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over entity. Power is demonstrated through existing rights that

give the ability to direct relevant activities, those which significantly affect the entity's returns.

Investments in subsidiaries are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

5.16. INVESTMENT IN JOINT VENTURES AND ASSOCIATES

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not having control or joint control over those policies.

The investment in joint ventures and associates are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

5.17. CURRENT VERSUS NON-CURRENT CLASSIFICATION

1. The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

The Company has presented non-current assets and current assets, non-current liabilities and current liabilities in accordance with Schedule III, Division II of The Companies Act, 2013.

Notes

to the Financial Statements for the year ended 31st March 2022

2. An asset is classified as current when it is:

- a) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realized within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

3. A liability is classified as current when it is:

- a) Expected to be settled in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

4. The operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.
5. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

5.18. SEGMENT REPORTING

The identification of operating segment is consistent with performance assessment and resource allocation by the chief operating decision maker. An operating segment is a component of the Company that engages in business activities from

which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the other components of the Company and for which discrete financial information is available. All operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segments and assess their performance.

Segment revenues and expenses are directly attributed to the related segment. Revenues and expenses like dividend, interest, profit/loss on sale of assets and investments etc., which relate to the enterprise as a whole and are not allocable to segment on a reasonable basis, have not been included therein.

All segment assets and liabilities are directly attributed to the related segment. Segment assets include all operating assets used by the segment and consist principally of fixed assets, inventories, sundry debtors, loans and advances and operating cash and bank balances. Segment assets and liabilities do not include investments, miscellaneous expenditure not written off, share capital, reserves and surplus, deferred tax assets / liability and provision for tax.

5.19. USE OF ASSUMPTIONS, JUDGMENTS AND ESTIMATES

The key assumption, judgment and estimation at the reporting date, that have significant risk causing the material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The company based its assumption; judgment and estimation on parameters available on the financial statement were prepared.

Notes

to the Financial Statements for the year ended 31st March 2022

Existing circumstances and assumption about future development, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumption when they occur.

a) Revenue

The application of revenue recognition accounting standards is complex and involves a number of key judgements and estimates. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time.

The measurement of construction contracts in progress is based on an assessment of the stage of each project and expectations concerning the remaining progress towards completion of each contract, including the outcome of disagreements. The assessment of stage, income and expenses, including disagreements, is made by the project management on a project-by-project basis.

The assessment of disagreements relating to extra work, extensions of time, demands concerning liquidated damages, etc., is based on the nature of the circumstances, knowledge of the client, the stage of negotiations, previous experience and consequently an assessment of the likely outcome of each case. For major disagreements, external legal opinions are a fundamental part of the assessment.

Estimates concerning the remaining progress towards completion depend

on a number of factors, and project assumptions may change as the work is being performed. Likewise, the assessment of disagreements may change as the cases proceed. Actual results may therefore differ materially from expectations. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

b) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less cost of disposal and its value in use. It is determined for every individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there is an improvement in recoverable amount.

c) Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations.

Notes

to the Financial Statements for the year ended 31st March 2022

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increase, mortality rate and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

d) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Recognition of Deferred Tax Assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

g) Provisions and Contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS 37), 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.

h) Estimation uncertainty relating to the global health pandemic on COVID-19

The Company has considered internal and external information up to the date of approval of financial statements in assessing the recoverability of property plant and equipment, receivables, intangible assets, cash and cash equivalent and investments. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions; the Company expects to recover the carrying amount of these assets. The Company has concluded that the impact of COVID - 19 is not material based on these estimates. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

Notes

to the Financial Statements for the year ended 31st March 2022

5.20 RECENT PRONOUNCEMENTS:

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

- Ind AS 16 – Proceeds before intended use - The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract - The amendments specify that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind AS 103 – Reference to Conceptual Framework - The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind AS 109 – Annual Improvements to Ind AS (2021) - The amendment clarifies which fees an entity includes when it applies the ‘10 percent’ test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind AS 106 – Annual Improvements to Ind AS (2021) - The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

Notes

to the Financial Statements for the year ended 31st March 2022

Note

- Trade Receivables of EPC division are hypothecated with Banks against working capital facilities availed by the Company (Refer Note No.20)
- No trade receivables are due from directors or other officers of the Company either severally or jointly with any other person.
- Trade receivables are mainly due from PSU and State Electricity Boards, which are not exposed to default risk. As per management assessment, no provision is made for expected credit loss due to very low credit risk of receivables. Further management has also considered past experience of losses on receivables. The Company has not recognised provision for doubtful receivables in any of the previous periods.

Description of Other Equity

Capital Reserve

The Company has created capital reserve on redemption of capital pursuant to past mergers and acquisitions.

Capital Redemption Reserve

The Company has created capital redemption reserve as per the requirement of the Companies Act on buy back of equity shares

General Reserve

General Reserve is created from time to time by way of transfer of profits from retained earnings for appropriation purpose.

Retained Earnings:

The reserve represents the cumulative profits of the Company and remeasurement of defined benefit obligations. This reserve can be utilised in accordance with the provisions of the Companies Act 2013

Other Comprehensive Income

Actuarial Gain (Loss) on Defined Benefit Obligations

The Company transfers actuarial gain (loss) arising at the time of valuation of defined benefit obligations to Actuarial Gain (loss) component of Other Comprehensive Income (OCI).

Gain (Loss) on Equity Instruments accounted at FVTOCI

The Company has elected to recognise change in fair value of certain investments in Other Comprehensive Income. These changes are accumulated within the FVTOCI equity Investment reserve within equity. Realised gain/loss on derecognition of equity instrument measured at FVTOCI is transferred to Retained Earnings

*Value for these Financial Instruments have not been discounted as their carrying amounts are a reasonable approximation of their fair value

including Current Maturity

b) Fair value hierarchy

This section explains the estimates and judgements made in determining the fair values of Financial Instruments that are measured at fair value and amortised cost and for which fair values are disclosed in financial statements. To provide an indication about reliability of the inputs used in determining the fair values, the company has classified its financial instruments into the three levels prescribed under accounting standards. An explanation of each level follows underneath the table:

Level 1: includes financial Instrument measured using quoted prices (unadjusted) in active markets for identical assets and liabilities that the entity can access at the measurement date.

Level 2: Includes financial Instruments which are not traded in active market but for which all significant inputs required to fair value the instrument are observable. The fair value is calculated using the valuation technique which maximises the use of observable market data.

Level 3: Includes those instruments for which one or more significant input are not based on observable market data.

The following table presents fair value hierarchy of assets and liabilities measured at fair value as of 31st March 2022:

Particulars	Fair Value	Fair value measurement using		
		Level 1	Level 2	Level 3
Assets:				
Investments				
In Equity Shares (Unquoted)	47.00	-	47.00	-
In Equity Shares (Quoted)	1,030.40	1,030.40	-	-
In Mutual Funds	75,738.49	75,738.49	-	-
In Corporate Bonds/Debentures/Commercial Paper	25,263.16	25,263.16	-	-
Total	102,079.05	102,032.05	47.00	-

Notes

to the Financial Statements for the year ended 31st March 2022

The following table presents fair value hierarchy of assets and liabilities measured at fair value as of 31st March 2021:

Particulars	Fair Value	Fair value measurement using			₹ In Lakhs
		Level 1	Level 2	Level 3	
Assets:					
Investments					
In Equity Shares (Unquoted)	1,972.66	-	1,972.66	-	
In Equity Shares (Quoted)	1,020.40	1,020.40	-	-	
In Mutual Funds	36,437.35	36,437.35	-	-	
In Corporate Bonds/ Debentures	21,689.81	21,689.81	-	-	
In Preference Shares	619.33	619.33	-	-	
Total	61,739.55	59,766.89	1,972.66	-	

c. Fair Value disclosure of Financial assets and Financial Liabilities measured at amortised cost

The carrying amount of cash and cash equivalents, bank balances, trade receivables, loans, other financial assets, trade payables and other financial liabilities are considered to be the same as their fair value due to their short term nature and are in close approximation of fair value.

d. Investment in the Equity Shares of its Subsidiaries, Associates & Joint Venture

The Company's investment in the equity shares of its subsidiaries, associates & joint venture is recognised at cost. The company has elected to apply previous GAAP carrying amount of its equity investment in subsidiaries, associates & joint venture as deemed cost as on the date of transition to Ind AS

37. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, liquidity risk and credit risk.

a) Market risk

i) Foreign Currency Risk

The primary market risk to the Company is foreign exchange risk. The Company is exposed to foreign exchange risk through its foreign currency loan, purchases from overseas suppliers and short term foreign currency loan. The Company pays off its foreign exchange exposure within a short period of time.

There is no borrowings in foreign currency as of 31st March, 2022 and 31st March, 2021

ii) Other Price Risk

The Company's exposure to equity securities price risk from movement in market price of related securities classified either as fair value through OCI or as fair value through Statement of Profit and Loss.

Assets:

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with its financial liabilities. The Company determines its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short and medium term requirements and strategic financing plan for long term.

The Company's principle source of liquidity are cash and cash equivalent, bank balances, cash flows from operations and investment in mutual funds. The Company believes that working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

Borrowings	4,000.31	-	-	-	4,000.31
Trade Payables	36,626.96	-	-	-	36,626.96
Other Financial Liabilities	52.64	-	-	-	52.64

ii) Financing arrangement

The Company had access to the undrawn borrowing facilities at the end of reporting period.

Particulars	₹ In Lakhs	
	As at 31st March 2022	As at 31st March 2021
Fund based facilities	16,100.00	21,099.69
Non Fund based facilities	160,161.03	14,460.87

Undrawn Fund based limit has been calculated based on available drawing power and Non Fund based has been calculated as per sanctioned limit

c) Credit Risk

Credit risk is the risk that counter party will not meet its obligation under a financial instrument leading to a financial loss. The company is exposed to credit risk from investments, trade receivables, cash and cash equivalents, bank balances, loans and other financial assets.

The maximum exposure of financial asset to credit risk are as follows:

Particulars	₹ In Lakhs	
	As at 31st March 2022	As at 31st March 2021
Investments	105,179.95	71,011.87
Cash & Cash Equivalents	4,542.73	7,368.14
Other Bank Balances	119.89	705.82
Loans	12,221.14	10,949.24
Trade Receivables	58,401.61	53,022.97
Other Financial Assets	4,400.43	5,498.91

Notes

to the Financial Statements for the year ended 31st March 2022

Credit risk on cash and cash equivalent and bank balances is limited as the Company generally invest in deposits with recognised banks. Investments primarily include investments in liquid mutual fund units, quoted bonds and investment in subsidiaries, associates & joint venture. Loan is provided to joint venture company which is repayable on demand. Trade receivables are unsecured and are derived from revenue from customers who are primarily Public Sector Undertakings and hence the risk is limited. Other financial assets primarily includes the deposit made for tender participation, rent & electricity deposit and interest accrued but not due.

38. CAPITAL MANAGEMENT

For the purpose of managing capital, Capital includes issued equity share capital and reserves attributable to the equity share holders.

The objective of the company's capital management are to:

- Safeguard their ability to continue as going concern so that they can continue to provide benefits to their shareholders.
- Maximise the wealth of the shareholder.
- Maintain optimum capital structure to reduce the cost of the capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and requirement of financial covenants. In order to maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, loans and borrowings, less cash and cash equivalents.

Gearing Ratio is as follows:

Particulars	₹ In Lakhs	
	As at 31st March 2022	As at 31st March 2021
Net debt (₹ In Lakhs)	-	-
Total equity (₹ In Lakhs)	183,303.86	161,064.30
Gearing Ratio (No of Times)	-	-

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the loans and borrowings that define capital structure requirements. There have been no breaches in the financial covenants of any loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31st March 2022 and 31st March 2021.

Notes

Notes

to the Financial Statements for the year ended 31st March 2022

50. ESTIMATION OF UNCERTAINTIES RELATING TO THE GLOBAL HEALTH PANDEMIC FROM COVID 19

The company has considered internal and certain external sources of information including economic forecasts and industry reports upto the date of approval of the financial statements in determining the impact on various elements of its financial statements. The Company has used the principles of prudence in applying judgements, estimates and assumptions and based on the current estimates the company expects to recover the carrying amount of Trade Receivables including unbilled receivables, investments, and other assets. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements.

51. The Company is executing a project in Afghanistan, which is on hold due to Force Majeure event. The Company is closely monitoring the situation and expect to resume work once the geopolitical environment in Afghanistan is resolved. The Company does not expect any material financial impact due to this event as the project is funded by multilateral agency (Asian Development Bank). Further, the bank guarantee issued for the aforesaid ongoing project cannot be enforced as per the terms and conditions of the underlying contract.

52. BORROWINGS SECURED AGAINST CURRENT ASSETS

Independent Auditor's Report

To the Members of
Techno Electric & Engineering Company Ltd.

consolidated changes in equity for the year ended on that date.

REPORT ON THE AUDIT OF CONSOLIDATED FINANCIAL STATEMENTS.

Opinion

1. We have audited the accompanying consolidated financial statements of Techno Electric & Engineering Company Ltd. ("hereinafter referred to as the Holding Company") and its subsidiaries (the Holding and its subsidiaries together referred to as "the Group") and its joint venture (upto November 15, 2021, date on which ceases to be joint venture), which comprise the consolidated balance sheet as at March 31, 2022, the consolidated statement of profit and loss (including other comprehensive income), the consolidated cash flow statement and the consolidated statement of changes in equity for the year then ended, and notes to consolidated financial statements, including a summary of significant accounting policies and other explanatory informations prepared based on the relevant records (hereinafter referred to as ("the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2022, their consolidated total comprehensive income (comprising consolidated profit and consolidated other comprehensive income) their consolidated cash flows and

Basis for Opinion

3. We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the consolidated financial statements' section of our report. We are independent of the Group and its joint venture in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their reports referred to in other matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context:

Descriptions of Key Audit Matter	How we addressed the matter in our audit
<p>A. Revenue Recognition</p> <p>The accuracy of amounts recorded as revenue is an inherent risk due to the complexity involve.</p> <p>The application of revenue recognition accounting standards Ind AS 115 is complex and involves a number of judgments and estimates. Revenue is recognised when the control of the underlying products has been transferred to customer along with the satisfaction of the Company's performance obligation under a contract with customer.</p> <p>Further in EPC contract, revenue is accounted for under the percentage completion method which also requires significant judgments and estimates in particular with respect to estimation the cost to complete.</p> <p>Due to the estimates, judgment and complexity involved in the application of the revenue recognition accounting standards, we have considered this matter as a key audit matter. The Company's accounting policies relating to revenue recognition are presented in note 5.1.2 to the financial statements.</p>	<p>As part of our audit, we understood the Company's policies and processes, control mechanisms and methods in relation to the revenue recognition and evaluated the design and operative effectiveness of the financial controls from the above through our test of control procedures.</p> <ul style="list-style-type: none"> Tested a sample of sales transactions for compliance with the Company's accounting principles to assess the completeness, occurrence and accuracy of revenue recorded. Also revenue is recognised when the Company satisfies a performance obligation. Performing procedures to ensure that the revenue recognition criteria adopted by Company for all major revenue streams is appropriate and in line with the Company's accounting policies. We tested the company's system generated reports, based on which revenue is accrued at the year end, and performed tests of details on the accrued revenue and accounts receivable balances recognized in the balance sheet at the year end. We evaluated the management's process to recognize revenue over a period of time, total cost estimates, status of the projects and re-calculated the arithmetic accuracy of the same. We examined contracts with exceptions including contracts with low or negative margins, loss making contracts, etc. to determine the level of provisioning. We examined contracts with exceptions including contracts with low or negative margins, loss making contracts, etc. to determine the level of provisioning. Our tests of detail focused on transactions occurring within proximity of the year end and obtaining evidence to support the appropriate timing of revenue recognition, based on terms and conditions set out in sales contracts and delivery documents or system generated reports. We considered the appropriateness and accuracy of any cut-off adjustments. Traced disclosure information to accounting records and other supporting documentation. <p>Our Observation:</p> <p>Based on the audit procedures performed we did not obtain any material exceptions in the revenue recognition.</p>

Descriptions of Key Audit Matter	How we addressed the matter in our audit
<p>B. Valuation and existence of Investment in Bonds, Debentures, Commercial Papers and Mutual Funds.</p> <p>Valuation and existence of current investments in bonds, debentures, commercial papers and mutual funds designated at fair value through profit or loss (the Investments) are valued at ₹ 1,01,001.65 lakhs in holding company's books and represent 40.20% of total assets of the holding company. Further disclosures on the Investments are included at Note 9 to the financial statements. This was an area of focus for our audit and the area where significant audit effort was directed. As at March 31, 2022, all Investments are in debentures, bonds, commercial papers & mutual funds and are actively traded with readily available net asset value of the investment.</p>	<p>Understanding of the business processes employed by the Company for accounting for, and valuing, their investment portfolio. We obtained accounts confirmation for the investment in bonds, debentures and mutual funds and verified that the company was the recorded owner of all current investments. Our audit procedures over the valuation of the Investments included agreeing the fair valuation of all Investments held at March 31, 2022 to the Net Assets Value provided by the respective Mutual funds & market quotes provided by the agents for the bonds.</p> <p>Our Observation:</p> <p>Based on the audit procedures performed we are satisfied with valuation and existence of current investment.</p>

Information Other than the consolidated financial statements and auditor's report thereon

5. The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the annual reports, but does not include the consolidated financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

Management's Responsibility for the consolidated financial statements

6. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated cash flows and consolidated changes in equity of the Group including its joint venture in accordance with accounting principles generally accepted in India including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its joint venture respectively and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the

design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

7. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its joint venture are responsible for assessing the Group's ability and of its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. The respective Board of Directors of the companies included in the Group and of its joint venture are also responsible for overseeing the Group's financial reporting process and of its joint venture.

Auditors' Responsibility for the audit of the Consolidated Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users

taken on the basis of these consolidated financial statements.

10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - d) Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and of its joint venture to continue as a going concern. If we conclude that

a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.

- e) Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
11. Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced.

We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

12. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

15. We did not audit the financial statements / financial information of six subsidiaries whose financial statements / financial information reflect total assets of ₹ 6,107.79 Lakhs and net assets ₹ 3,377.76 Lakhs as at March 31, 2022 and total revenue of ₹ 5.03 lakhs, total profit /(loss) after tax of

₹ (42.22) lakhs and total comprehensive income of ₹(42.22) Lakhs for the year ended March 31 2022 and net cash outflow of ₹ 0.81 Lakhs for the year ended on that date as considered in the consolidated financial statements. The Statement also includes the Group's Share of net profit of ₹ 364.00 Lakhs for the period from April 1,2021 to November 15,2021 (date on which ceases to be joint venture) in respect of one joint venture, whose financial statements / financial information have not been audited by us. These financial statements have been audited by other auditors whose report have been furnished to us by the Management and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and that of joint venture is based solely on the reports of the other auditors.

Our opinion on the statement is not modified in respect of the above matters with regard to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiaries and joint venture companies incorporated in India, we give in the Annexure A, a statement on the matter specified in paragraph 3(xxi) of CARO 2020.
17. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of other auditors on separate financial statements and the other financial information of subsidiaries and joint venture as noted in the "Other Matter" paragraph, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and report of the other auditors.
- (c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), consolidated cash flow statement and the consolidated statement of changes in equity dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries companies, incorporated in India, none of the directors of the Group companies including joint venture, incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate Report in Annexure B.
- (g) The Holding Company and subsidiary companies incorporated as public companies in India have paid/ provided for managerial remuneration in accordance

with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act, to the extent applicable.

- (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact, if any, of pending litigations as at March 31, 2022 on the consolidated financial position of the group and its joint venture – Refer Note No. 45 to the consolidated financial statements.
- ii. The provisions have been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts as at March 31, 2022.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group incorporated in India during the year ended March 31, 2022.
- iv. (a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and other auditors that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any

other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and other auditors that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiary companies which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend paid by the Holding Company during the year in respect of the same declared for the previous year and Interim dividends declared and paid by Holding and one subsidiary company during the

year is in accordance with section 123 of the Act to the extent it applies to declaration and payment of dividend. The Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. Further, no other subsidiary company has declared any dividend for the year.

Annexure 'B' to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Holding Company, as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to these consolidated financial statement of **Techno Electric & Engineering Company Ltd.** ("the Holding Company"), and its subsidiary companies which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company, its subsidiary companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of adequacy of the internal financial control over financial reporting with reference to financial statement is applicable, which are Companies incorporated in India, are responsible for establishing and maintaining internal financial control based on "internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to these consolidated financial

statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with respect to these consolidated financial statements included obtaining an understanding of internal financial controls with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the 'Other Matter' paragraph is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to these consolidated financial statements.

Meaning of internal financial control with reference to consolidated financial statements

A company's internal financial control with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitation of internal financial control with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements

due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to these consolidated financial statements and such internal financial controls with reference to these consolidated financial statements were operating effectively as at 31st March 2022, based on the internal control criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

SIGNIFICANT ACCOUNTING POLICIES:

1. GROUP OVERVIEW

Techno Electric & Engineering Company Limited (The Parent Company) is a recognized company in the power sector. It provides engineering, procurement and construction services to the three segments of power sector including generation, transmission and distribution. The Company is also engaged in generation of wind power through Wind Turbine Generators in the states of Tamil Nadu & Karnataka. The Company is recognized for its expertise in the domains of light construction and heavy engineering segments across the country's power sector. The Company is a public limited company incorporated and domiciled in India and has its registered office at C-218 Ground Floor (GR-2) Sector-63, Noida Gautam Buddha Nagar Uttar Pradesh-201307, India.

Under the Companies Act, Group is defined as parent, subsidiaries, joint ventures and associates. For the purpose of these financial statements, the aforesaid definition under Companies Act, 2013 has been considered.

The financial statements are approved for issue by the Company's Board of Directors on 30th May, 2022.

2. BASIS OF PREPARATION

a. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), guidelines issued by the Securities and Exchange

Board of India (SEBI), other relevant provisions of the Act and other accounting principles generally accepted in India.

b. Basis of Measurement

The financial statements have been prepared on a historical cost convention, on accrual basis, except for following assets and liabilities which have been measured at fair value:

- Financial Instruments
- Defined Benefit Obligations

Historical cost is generally based on fair value of consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

3. FUNCTIONAL & PRESENTATION CURRENCY

These Financial statements are presented in Indian Rupees (INR) which is also the company's functional currency and all amounts are rounded to the nearest

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

lakhs and two decimals thereof, except as stated otherwise.

4. USE OF ESTIMATES

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note 5.19. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in

circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

5. SIGNIFICANT ACCOUNTING POLICIES

5.1. BASIS OF CONSOLIDATION

The Consolidated Financial Statements relate to the Company Techno Electric & Engineering Company Limited (Formerly Simran Wind Project Limited) and its subsidiaries - Techno Digital Infra Private Limited (Formerly Techno Clean Energy Private Limited), Techno Green Energy Private Limited, Techno Wind Power Private Limited, Techno Infra Developers Private Limited, Rajgarh Agro Products Ltd., Techno Data Center Limited (Formerly Techno Power Grid Company Ltd.) and joint venture Kohima Mariani Transmission Limited (ceased to be Joint Venture w.e.f. 16.11.2021).

The proportion of ownership interest in each subsidiary, associate & joint venture is as follows:

Name of the Company	Relation with TEECL	Country of Incorporation	Place of Operation	Proportion of ownership interest as at 31st March, 2022 (holding along with nominee)
Techno Infra Developers Private Limited	Subsidiary Company	India	India	100.00%
Techno Digital Infra Private Limited	Subsidiary Company	India	India	100.00%
Techno Green Energy Private Limited	Subsidiary Company	India	India	100.00%
Techno Wind Power Private Limited	Subsidiary Company	India	India	100.00%
Rajgarh Agro Products Ltd**	Subsidiary Company	India	India	96.10%
Techno Data Center Limited (Formerly Techno Power Grid Company Ltd.)	Subsidiary Company	India	India	100.00%
Kohima-Mariani Transmission Company Limited*	Joint Venture	India	India	-

* Ceased to be JV w.e.f. 16.11.2021

**The subsidiary is not material to the Group, therefore information above the non-wholly owned subsidiary are not disclosed separately.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

The consolidated financial Statements have been prepared on the following basis:

The Financial Statements of the Company and its Subsidiary Companies are combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses in accordance with Ind AS 110 - 'Consolidated Financial Statements' notified under section 133 of the Companies Act, 2013.

Interest in associates and joint ventures are consolidated using equity method as per Ind AS 28 – Investment in Associates and Joint Ventures. Under the equity method, post-acquisition attributable profit/losses are adjusted in the carrying value of investment upto the Group investment in the joint venture and associate.

The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions except in cases stated in Accounting Policies and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate Financial Statements except as otherwise stated in Notes to the Accounts.

The difference between the cost of investment in the Subsidiary companies, over the net assets at the time of acquisition of shares in the Subsidiary Companies are recognized in the Financial Statements as Goodwill.

Minority Interest's share of net assets of consolidated subsidiaries are identified and presented in the consolidated balance sheet separate from liabilities and equity of the Company's shareholders.

Any excess/short of the amount of investment in an associate over the parent's portion of equity of the associate, at the date of investment is considered as goodwill/capital reserve and has been included in carrying amount of investment and disclosed separately. The carrying amount of investment is adjusted thereafter for the post acquisition changes in the share of net asset of associates.

5.2. PROPERTY, PLANT AND EQUIPMENT

Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price, non-refundable taxes, directly attributable cost (including borrowings) of bringing the assets to its working conditions and locations and present value of any obligatory decommissioning cost for its intended use.

In case of constructed assets, cost includes cost of all materials used in construction, direct labour, allocation overheads and directly attributable borrowing cost.

Assets are depreciated to the residual values on a straight-line basis over the useful life prescribed in Schedule II to the Companies Act, 2013 except Office equipment and Furniture & Fixture which are depreciated on written down value method. Freehold land is not depreciated.

Depreciation on Wind Mills are calculated on the basis of useful life of 20 years based on technical advice as against 22 years in Schedule II to the Companies Act 2013 on straight line method.

The residual values and estimated useful life are reviewed at the end of each financial year, with effect of any changes in estimate accounted for on prospective basis. Each component of a Property

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

Plant and Equipment with a cost that is significant in relation to the total cost of that item is depreciated separately if its useful life differs from the other component of assets. The useful life of the items of PPE estimated by the management for the current and comparative period are in line with the useful life as per Schedule II of the Companies Act, 2013.

5.3. INTANGIBLE ASSETS

Identifiable intangible assets are recognised:-

- when the Company controls the asset,
- It is probable that future economic benefits attributed to the asset will flow to the Company and
- The cost of the asset can be reliably measured.

Computer software are capitalised at the amounts paid to acquire the respective license for use and are amortised over the useful life prescribed in Schedule II to the Companies Act, 2013 on straight line basis.

5.4. CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes cash in hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the Company's cash management.

5.5. INVENTORIES

Inventories are valued at the lower of cost and net realizable value except scrap, which is valued at net realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their respective present location and condition. Cost is determined using the weighted average cost basis.

However materials and other supplies held in the use of production of Inventories (Finished Goods, Work In Progress) are not written down below the cost if the finished products in which they will be used are expected to be sold at or above the cost.

5.6. LEASES

The Group as lessor

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognized as expense in the periods in which they are incurred.

Lease Liability

The lease payments that are not paid at the commencement date are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments) payable during the lease term and under reasonably certain extension options, less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;

- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the Balance Sheet.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

Whenever the company incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets. The costs are included in the related right-of-use asset.

ROU assets are depreciated over the shorter period of the lease term and useful life of the underlying asset. If the company is reasonably certain to exercise a purchase option, the right-of use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease.

The ROU assets are not presented as a separate line in the Balance Sheet but presented below similar owned assets as a separate line in the PPE note under "Notes forming part of the Financial Statement".

The Group applies Ind AS 36- Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as per its accounting policy on 'property, plant and equipment'.

As a practical expedient, Ind AS 116 permits a lessee not to separate non-lease components when bifurcation of the payments is not available between the two components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has used this practical expedient.

Extension and termination options are included in many of the leases. In determining the lease term the management considers all facts and circumstances that create an economic

incentive to exercise an extension option, or not exercise a termination option.

5.7. EMPLOYEE BENEFITS

- Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered.
- Compensated absence is accounted for using the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to profit and loss in the period in which they arise.
- Contribution to Provident Fund, a defined contribution plan, is made in accordance with the statute, and is recognized as an expense in the year in which employees have rendered services.
- The cost of providing gratuity, a defined benefit plan, is determined using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income in the period in which they arise. Other costs are accounted in statement of profit and loss.

The Company operates a defined benefit plan for gratuity, which requires contributions to be made to a separately administered fund. The fund is managed by a trust. The trust has appointed an insurance company to manage the funds of the trust. These benefits are fully funded.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

5.8. FOREIGN CURRENCY REINSTATEMENT AND TRANSLATION

Transactions in foreign currency are initially recorded by the Company at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange difference recognized in statement of profit and loss. Differences arising on settlement of monetary items are also recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction.

5.9. FINANCIAL INSTRUMENTS - INITIAL RECOGNITION, SUBSEQUENT MEASUREMENT AND IMPAIRMENT

i. Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular purchase and sale of financial assets are accounted for at trade date.

ii. Subsequent Measurement

Non-Derivative Financial Instruments

A. Financial Assets

- a) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- c) Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair

valued through statement of profit and loss.

B. Financial Liabilities

- i. Initial recognition and measurement

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities (other than liabilities through profit and loss) are added to or deducted from the fair value measured on initial recognition of the financial liabilities.

- ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- a) **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the statement of profit or loss.

- b) **De-recognition of financial instruments**

The company derecognizes a financial asset when the contractual rights to the cash

flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109 – 'Financial Instruments'. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

- c) **Impairment of financial assets**

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the Trade receivables or any contractual right to receive cash or other financial asset that result from transactions that are within the scope of Ind-AS 11 and Ind-AS 18. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR

5.10. BORROWING COSTS

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

All other borrowing costs are expensed in the period in which they occur.

5.11. TAXATION

Income tax expense represents the sum of current and deferred tax. Tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or other comprehensive income, in such cases the tax is also recognized directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognized in equity or other comprehensive income is also recognized in equity or other comprehensive income and such change could be for change in tax rate.

i. Current Tax

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

ii. Deferred Tax

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those

deductible temporary differences, carry forward tax losses and allowances can be utilized. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

iii. Minimum Alternate Tax

MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal Income Tax during the specified period. In the year in which the Minimum Alternate Tax (MAT) credit becomes eligible to be recognized as an asset. The said asset is created by way of credit to the Statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

the same at each Balance Sheet date and writes down the carrying amount of MAT entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

5.12. REVENUE RECOGNITION AND OTHER INCOME

The Company earns revenue primarily from sale of goods. It also earns revenue from its Construction Projects which includes Engineering, & Construction services and from Power Generation..

Ind AS 115 "Revenue from Contracts with Customers", that replaces Ind AS 18 "Revenue" and Ind AS 11 "Construction Contracts" and related interpretations, introduce one single new model for recognition of revenue which includes a 5-step approach and detailed guidelines. Among other, such guidelines are on allocation of revenue to performance obligations within multi-element arrangements, measurement and recognition of variable consideration and the timing of revenue recognition.

The Company considers the terms of the contract in determining the transaction price. The transaction price is based upon the amount the entity expects to be entitled to in exchange for transferring of promised goods and services to the customer after deducting incentive programs, included but not limited to discounts, volume rebates etc.

a) Revenue from sale of goods and services

Revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, which generally coincides with the delivery of

goods to customers. Revenue from services are recognized when services are rendered.

b) Revenue from construction contracts

Performance obligations with reference to construction contracts are satisfied over the period of time, and accordingly, revenue from such contracts is recognized based on progress of performance determined using input method with reference to the cost incurred on contract and their estimated total costs. Variation in contract work and other claims are included to the extent that the amount can be measured reliably and its receipt is considered probable.

Estimates of revenue and costs are reviewed periodically and revised, wherever circumstances change, resulting increases or decreases in revenue determination, is recognized in the period in which estimates are revised.

c) Revenue from Power Generation

Power generation income is recognized on the basis of units of power generated, net of wheeling and transmission loss, as applicable, when no significant uncertainty as to the measurability or collectability exists.

Renewal Energy Certificate Income is accounted on accrual basis at the rate sold at the Power Exchanges. At the year-end Renewal Energy Certificate Income is recognised at the minimum floor price specified by the Central Regulator of CERC / last traded price at the exchange.

d) Generation Based Incentive

Generation based Incentive is recognized on accrual basis i.e. on the basis of units of power generated, as referred above for which necessary claims have been lodged

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

/ is in the process of being lodged with the concerned authorities.

e) Contract Assets

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Unbilled receivables where further subsequent performance obligation is pending are classified as contract assets when the company does not have unconditional right to receive cash as per contractual terms. Revenue recognition for fixed price development contracts is based on percentage of completion method. Invoicing to the clients is based on milestones as defined in the contract. This would result in the timing of revenue recognition being different from the timing of billing the customers. Unbilled revenue for fixed price development contracts is classified as non-financial asset as the contractual right to consideration is dependent on completion of contractual milestones.

f) Impairment of Contract asset

The Company assesses a contract asset for impairment in accordance with Ind AS 109. An impairment of a contract asset is measured, presented and disclosed on the same basis as a financial asset that is within the scope of Ind AS 109.

g) Contract Liability

Contract Liability is recognised when there are billings in excess of revenues and it also includes consideration received from customers for whom the company has pending obligation to transfer goods or services.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based

progress payments. Invoices are payable within contractually agreed credit period.

h) Modification in contract

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of goods or services.

i) Interest and Dividend Income

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Dividend income is recognized when the Company's right to receive the amount has been established.

5.13. DIVIDEND DISTRIBUTION

Annual dividend distribution to the shareholders is recognized as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognized on approval by Board of Directors. Dividend payable is recognized directly in equity.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

5.14. EARNINGS PER SHARE

Earnings per Share (EPS) is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss after tax for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

5.15. PROVISIONS AND CONTINGENCIES

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

b) Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

c) Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

5.16. INVESTMENT IN JOINT VENTURES AND ASSOCIATES

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not having control or joint control over those policies.

Interest in associates and joint ventures are consolidated using equity method as per Ind AS 28 – Investment in Associates and Joint Ventures. Under the equity method, post-acquisition attributable profit/losses are adjusted in the carrying value of investment upto the Group investment in the joint venture and associate.

5.17. CURRENT VERSUS NON-CURRENT CLASSIFICATION

1. The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

The Company has presented non-current assets and current assets, non-

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

current liabilities and current liabilities in accordance with Schedule III, Division II of The Companies Act, 2013.

2. An asset is classified as current when it is:

- a) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realized within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

3. A liability is classified as current when it is:

- a) Expected to be settled in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

4. The operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

5. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

5.18. SEGMENT REPORTING

The identification of operating segment is consistent with performance assessment and resource allocation by the chief

operating decision maker. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the other components of the Company and for which discrete financial information is available. All operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segments and assess their performance.

Segment revenues and expenses are directly attributed to the related segment. Revenues and expenses like dividend, interest, profit/loss on sale of assets and investments etc., which relate to the enterprise as a whole and are not allocable to segment on a reasonable basis, have not been included therein.

All segment assets and liabilities are directly attributed to the related segment. Segment assets include all operating assets used by the segment and consist principally of fixed assets, inventories, sundry debtors, loans and advances and operating cash and bank balances. Segment assets and liabilities do not include investments, miscellaneous expenditure not written off, share capital, reserves and surplus, deferred tax assets / liability and provision for tax.

5.19. USE OF ASSUMPTIONS, JUDGMENTS AND ESTIMATES

The key assumption, judgment and estimation at the reporting date, that have significant risk causing the material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The company based its assumption; judgment

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

and estimation on parameters available on the financial statement were prepared. Existing circumstances and assumption about future development, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumption when they occur.

a) Revenue

The application of revenue recognition accounting standards is complex and involves a number of key judgements and estimates. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time.

The measurement of construction contracts in progress is based on an assessment of the stage of each project and expectations concerning the remaining progress towards completion of each contract, including the outcome of disagreements. The assessment of stage, income and expenses, including disagreements, is made by the project management on a project-by-project basis.

The assessment of disagreements relating to extra work, extensions of time, demands concerning liquidated damages, etc., is based on the nature of the circumstances, knowledge of the client, the stage of negotiations, previous experience and consequently an assessment of the likely outcome of each case. For major disagreements, external legal opinions are a fundamental part of the assessment.

Estimates concerning the remaining progress towards completion depend on a number of factors, and project assumptions may change as the work is being performed. Likewise, the assessment of disagreements may change as the cases proceed. Actual results may therefore differ materially from expectations. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

b) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less cost of disposal and its value in use. It is determined for every individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there is an improvement in recoverable amount.

c) Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increase, mortality rate and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

d) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Recognition of Deferred Tax Assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

g) Provisions and Contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS 37), 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.

h) Estimation uncertainty relating to the global health pandemic on COVID-19

The Company has considered internal and external information up to the date of approval of financial statements in assessing the recoverability of property plant and equipment, receivables, intangible assets, cash and cash equivalent and investments. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions; the Company expects to recover the carrying amount of these assets. The Company has concluded that the impact of COVID - 19 is not material based on these estimates. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

5.20 RECENT PRONOUNCEMENTS:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time on 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022 applicable from 1st April, 2022, as below:

- Ind As 16- Proceeds before intended use – The amendments mainly prohibit an entity from deducting from cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind As 37 – Onerous Contracts – Costs of Fulfilling a Contract – The amendments specify that the cost of fulfilling 'a contract comprises ₹ costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind As 103 – Reference to Conceptual Framework –The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind As 103. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind As 109 – Annual Improvements to Ind AS (2021) – The amendments clarify which fees an entity includes when it applies the ₹10 percent 'test of Ind As 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.
- Ind As 106 - Annual Improvements to Ind AS (2021) – The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

Description of Other Equity

Capital Reserve

The Company has created capital reserve on redemption of capital pursuant to past mergers and acquisitions.

Capital Redemption Reserve

The Company has created capital redemption reserve as per the requirement of the Companies Act on buyback of Equity Shares

General Reserve

General Reserve is created from time to time by way of transfer of profits from retained earnings for appropriation purpose.

Retained Earnings:

The reserve represents the cumulative profits of the Company and remeasurement of defined benefit obligations. This reserve can be utilised in accordance with the provisions of the Companies Act 2013

Other Comprehensive Income

Actuarial Gain (Loss) on Defined Benefit Obligations

The Company transfers actuarial gain (loss) arising at the time of valuation of defined benefit obligations to Actuarial Gain (loss) component of Other Comprehensive Income (OCI).

Gain (Loss) on Equity Instruments accounted at FVTOCI

The Company has elected to recognise change in fair value of certain investments in Other Comprehensive Income. These changes are accumulated within the FVTOCI equity Investment reserve within equity. Realised gain/loss on derecognition of equity instrument measured at FVTOCI is transferred to Retained Earnings

b) Fair value hierarchy

This section explains the estimates and judgements made in determining the fair values of Financial Instruments that are measured at fair value and amortised cost and for which fair values are disclosed in financial statements. To provide an indication about reliability of the inputs used in determining the fair values, the company has classified its financial instruments into the three levels prescribed under accounting standards. An explanation of each level follows underneath the table:

Level 1: includes financial Instrument measured using quoted prices (unadjusted) in active markets for identical assets and liabilities that the entity can access at the measurement date.

Level 2: Includes financial Instruments which are not traded in active market but for which all significant inputs required to fair value the instrument are observable. The fair value is calculated using the valuation technique which maximises the use of observable market data.

Level 3: Includes those instruments for which one or more significant input are not based on observable market data.

The following table presents fair value hierarchy of assets and liabilities measured at fair value as of 31st March, 2022:

Particulars	Fair Value	₹ In Lakhs		
		Fair value measurement using		
		Level 1	Level 2	Level 3
Assets:				
Investments				
In Equity Shares (unquoted)	47.00	-	47.00	-

In Preference Shares	619.33	619.33	-	-
Total	65,103.24	63,130.57	1,972.67	-

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

c. Fair Value disclosure of Financial assets and Financial Liabilities measured at amortised cost

The carrying amount of cash and cash equivalents, bank balances, trade receivables, loans, other financial assets, trade payables and other financial liabilities are considered to be the same as their fair value due to their short term nature and are in close approximation of fair value.

d. Investment in the Equity Shares of its Subsidiaries, Associates & Joint Venture

The Company's investment in the equity shares of its associates & joint venture is recognised at cost. The company has elected to apply previous GAAP carrying amount of its equity investment in subsidiaries, associates & joint venture as deemed cost as on the date of transition to Ind AS.

e. Finance Income and Finance Cost Instrument Category wise classification

Finance Income and Finance Cost Instrument Category wise classification for the year ended 31st March, 2022

	₹ In Lakhs		
	Amortised Cost	FVTOCI	FVTPL

	147.93	-	-

The above amount of interest expenses does not include interest pertaining to taxation and other finance costs of ₹ 5.51 Lakhs and ₹ 65.43 Lakhs for the year ended 31st March, 2022 and 31st March, 2021 respectively.

37. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, liquidity risk and credit risk.

a) Market risk

i) Foreign Currency Risk

The primary market risk to the Company is foreign exchange risk. The Company is exposed to foreign exchange risk through its foreign currency loan, purchases from overseas suppliers and

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

short term foreign currency loan. The Company pays off its foreign exchange exposure within a short period of time.

There is no borrowings in foreign currency as of 31st March 2022 and 31st March 2021

ii) Other Price Risk

The Company's exposure to equity securities price risk from movement in market price of related securities classified either as fair value through OCI or as fair value through Statement of Profit and Loss.

Assets:

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with its financial liabilities. The Company determines its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short and medium term requirements and strategic financing plan for long term.

The Company's principle source of liquidity are cash and cash equivalent, bank balances, cash flows from operations and investment in mutual funds. The Company believes that working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

i) Maturity analysis

The table below provides details regarding the contractual maturities of financial liabilities as of 31st March, 2022

	₹ In Lakhs				
Particulars	Less than 1 year	1-2 years	2-5 years	More than 5 years	Total
Borrowings	-	-	-	-	-
Trade Payables	41,873.68	-	-	-	41,873.68
Other Financial Liabilities	33.23	-	-	-	33.23

The table below provides details regarding the contractual maturities of financial liabilities as of 31st March, 2021:

	₹ In Lakhs				
Particulars	Less than 1 year	1-2 years	2-5 years	More than 5 years	Total
Borrowings	4,000.31	-	-	-	4,000.31
Trade Payables	36,627.30	-	-	-	36,627.30
Other Financial Liabilities	52.64	-	-	-	52.64

ii) Financing arrangement

The Company had access to the undrawn borrowing facilities at the end of reporting period.

	₹ In Lakhs	
Particulars	As at 31 st March 2022	As at 31 st March 2021
Fund based facilities	16,100.00	21,099.69
Non Fund based facilities	160,161.03	1,44,460.87

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

Undrawn Fund based limit has been calculated based on available drawing power and Non Fund based has been calculated as per sanctioned limit

c) Credit Risk

Credit risk is the risk that counter party will not meet its obligation under a financial instrument leading to a financial loss. The company is exposed to credit risk from investments, trade receivables, cash and cash equivalents, bank balances, loans and other financial assets.

The maximum exposure of financial asset to credit risk are as follows:

Particulars	₹ In Lakhs	
	As at 31st March 2022	As at 31st March 2021
Investments	104,899.55	71,377.64
Cash & Cash Equivalents	4,548.30	7,374.52
Other Bank Balances	119.89	705.82
Loans	9,492.18	10,949.24
Trade Receivables	58,401.62	53,022.97
Other Financial Assets	4,400.53	5,498.91

Credit risk on cash and cash equivalent and bank balances is limited as the Company generally invest in deposits with recognised banks. Investments primarily include investments in liquid mutual fund units, quoted bonds and investment in subsidiaries, associates & joint venture. Loan is provided to joint venture company which is repayable on demand. Trade receivables are unsecured and are derived from revenue from customers who are primarily Public Sector Undertakings and hence the risk is limited. Other financial assets primarily includes the deposit made for tender participation, rent & electricity deposit and interest accrued but not due.

38. CAPITAL MANAGEMENT

For the purpose of managing capital, Capital includes issued equity share capital and reserves attributable to the equity share holders.

The objective of the company's capital management are to:

- Safeguard their ability to continue as going concern so that they can continue to provide benefits to their shareholders.
- Maximise the wealth of the shareholder.
- Maintain optimum capital structure to reduce the cost of the capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and requirement of financial covenants. In order to maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, loans and borrowings, less cash and cash equivalents.

Notes

to the Consolidated Financial Statements for the year ended 31st March 2022

Gearing Ratio is as follows:

Particulars	As at 31st March 2022	As at 31st March 2021
Net debt (₹ In Lakhs)	-	-
Total equity (₹ In Lakhs)	183,673.03	161,624.05
Gearing Ratio (No of Times)	-	-

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the loans and borrowings that define capital structure requirements. There have been no breaches in the financial covenants of any loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31st March 2022 and 31st March 2021.

39. DISCLOSURES IN ACCORDANCE WITH INDAS 19 (2015) ON "EMPLOYEES BENEFITS":

50. ESTIMATION OF UNCERTAINTIES RELATING TO THE GLOBAL HEALTH PANDAMIC FROM COVID 19

The company has considered internal and certain external sources of information including economic forecasts and industry reports upto the date of approval of the financial statements in determining the impact on various elements of its financial statements. The Company has used the principles of prudence in applying judgements, estimates and assumptions and based on the current estimates the company expects to recover the carrying amount of Trade Receivables including unbilled receivables, investments, and other assets. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements.

51. The Company is executing a project in Afghanistan, which is on hold due to Force Majeure event. The Company is closely monitoring the situation and expect to resume work once the geopolitical environment in Afghanistan is resolved. The Company does not expect any material financial impact due to this event as the project is funded by multilateral agency (Asian Development Bank). Further, the bank guarantee issued for the aforesaid ongoing project cannot be enforced as per the terms and conditions of the underlying contract.

52. BORROWINGS SECURED AGAINST CURRENT ASSETS

The Company has filed quarterly returns or statements with the banks in lieu of the sanctioned working capital facilities which are in agreement with the books of account other than those as set out below:
